INFORMATION FOR POSTMASTERS

(1) Post Offices transferred from Halifax to Charlottetown Postal District.—Post Offices and mail services in the Magdalen Islands hitherto under the jurisdiction of the District Director of Postal Services, Halifax, have been placed under the District Director of Postal Services, Charlottetown. Hereunder is a list of the Post Offices affected.

Arsenault	Grindstone Island	Leslie
Aurigny	Gros Cap	Millerand
Boisville	Havre Aubert	Old Harry
Chemin des Buttes	House Harbour	Pointe au Loup
Entry Island	La Cyr	Pointe Basse
Etang des Caps	Lapeyrère	Portage du Cap
Etang du Nord	La Vernière	Solomon

(2) A New Post Office at Camsell Portage, Sask.—A new Post Office has been established at Camsell Portage, Sask. (see Route No. 57 in air mail schedules).

This new Post Office is situated approximately 100 miles East of Fort Chipewyan and 95 miles West of Fond du Lac, and will be served ten times a year over the Mackenzie River, Great Bear Lake and Lake Athabaska District Air Stage Service.

Mail conveyed to and from Camsell Portage will be subject to the following rates of postage:—

First Class (restricted to genuine correspondence) and

Third Class Matter, 4 cents first ounce, 2 cents each ounce after.

Second Class Matter, when mailed by the public, 1 cent per 4 ounces or fraction of 4 ounces to each separate address; when mailed from office of publication or from newsdealers to subscribers, 4 cents per pound.

Parcel Post, 30 cents per pound or fraction of a pound.

(3) Printed Matter Restrictions.—An order has been issued by the Wartime Prices and Trade Board, prohibiting the printing of any business reply card or envelope, except an envelope designed for both original use and return. This order, which is issued for the purpose of conserving paper, also prohibits and restricts the printing of certain other classes of printed matter.

Copies of the order have been distributed by the Wartime Prices and Trade Board to all those engaged in the printing industry throughout Canada, and any person desiring information should be requested to consult the nearest representative of the Wartime Prices and Trade Board.

Notwithstanding this order, any item of printed matter presented for mailing is to be accepted, forwarded and delivered in the regular manner.

(4) Air Stage Service—Leamington-Pelee Island Resumed.—The Leamington-Pelee Island air stage service (route 43 in air mail schedules) which operates during the season of closed navigation has now been resumed.

(5) Sale of Unemployment Insurance Stamps.—Information has been received from Headquarters of the Unemployment Insurance Commission that there remain a considerable number of Post Offices where the regulations are not followed when Unemployment Insurance Stamps are sold to employers.

The Unemployment Insurance Commission are making still greater use of completed forms U.I.C. 419 and 420 in the administration of the Unemployment Insurance scheme and they have requested that the following regulations be strictly adhered to when selling these stamps:—

(1) The employer or his representative should be required to produce his licence and his requisition form U.I.C. 419 (English), 420 (French). These requisition forms must be properly filled in with the date and licence number, name and address of employer.

(2) It is the Postmaster's duty to see that the employer's (not employee's) name and licence number are accurately and legibly entered on forms U.I.C. 419, 420. The employer's name on U.I.C. 419, 420 must be written in the same way as it appears on the licence form.

(3) In cities and large centres, Post Office officials should also see that the street address of the employer appearing on his licence is correctly transcribed on his requisition form.

(4) All employers' requisition forms U.I.C. 419, 420 are urgently required by the Unemployment Insurance Commission and it is, therefore, imperative that Postmasters forward these forms to their Postage Stamp Depots at least once each month whether or not new supplies of Unemployment Insurance Stamps are being requisitioned.

These regulations must be strictly observed at all Post Offices.

(6) Special Delivery Facing Slip (Form S.D. 4).—Reports have been received by the Department that many Post Offices, including M.P.O.'s, are not using Special Delivery facing slip (form S.D. 4) when despatching Special Delivery letters to other Post Offices in Canada.

While it is not necessary either to date stamp and initial or to indicate the number of Special Delivery items on the Special Delivery facing slip, yet form S.D. 4 should always be wrapped around packages containing Special Delivery letters.

Post Offices at which letters for Special Delivery are mailed should always keep a supply of form S.D. 4 on hand.

(7) Similarity in Post Office Names.—The attention of Postmasters and Railway Mail Clerks is directed to the similarity in the names of the following Post Offices:

Norquay, Sask.	Norbury, Sask.
Battersea, Ont.	Batawa, Ont.

It is also reported that a considerable quantity of mail addressed to Hardieville, Alta., a former Post Office point, is being received at Hartleyville, Alta. Mail addressed to Hardieville, Alta., should be forwarded to Lethbridge, Alta., for distribution.

Particular care should be exercised in the sortation of mail for the above offices.

(8) Airgraph Messages to Civilians in Eire may now be accepted.—"Eire" should be inserted after "Egypt" in (b) of the list relating to civilians on Page 1 of Post Office Week'y Bulletin No. 1166 of July 10th, 1943, and in the August, 1943, Supplement.

(9) No Change in Addressing of Mail to Canadian Army Overseas.—Numerous items of mail are being received at the Base Post Office for Canadian troops in North Africa, Sicily and Italy addressed to C.M.F., B.N.A.F., etc.

The established form of address for the Canadian Army Overseas is still good regardless of where the Canadian Forces are located, that is, mail should be addressed in the following manner:

Number, Rank, Name,
Details of Unit,
Regiment or Branch of Service,
Canadian Army Overseas.

The name of the unit MUST BE GIVEN.

(10) Prisoner of War Air Letter Forms.—Section 20, page 4, of the Revised Regulations governing Communication with Prisoners of War in enemy, enemy-occupied or neutral countries, which provides that when the address of Prisoners of War in German hands is not known letters may be addressed:

c/o Agence Centrale des prisonniers de guerre,
Comité International de la Croix Rouge,
Geneva, Switzerland,

is applicable also to Prisoner of War Air Letter Forms (White) mentioned under Section 21.

Air Letter Forms for Prisoners of War in German hands addressed as above are to be accepted for transmission by air mail.

(11) Removal of 2 ounce Weight Limit on Air Mail to United Kingdom.—The two ounce weight limit on air mail to the United Kingdom has been removed. This limit will still apply, however, to air mail forwarded via the United States to Europe, Africa, Asia and Hawaii, which, moreover, is confined to letters in their usual and ordinary form.

Air mail to Sweden will still be subject to the two ounce weight limit.

The weight limit of two ounces does not apply to Mexico, Central America, South America or the West Indies and other Islands within the Caribbean area.

(12) Increase in Shortpaid Parcels for Overseas.—Far too many parcels for Overseas are being posted with insufficient postage. Many parcels for civil addresses are only prepaid at the special reduced rate of 12 cents per pound applicable to parcels for members of the Armed Forces Overseas.

Postmasters and postal employees are requested to pay closer attention to the prepayment of all parcels for Overseas destinations.

(13) Mail Service resumed to Corsica for Personal Correspondence.—Mail service has been resumed to Corsica for personal correspondence.

This service is restricted to letters and postcards on strictly personal and private matters, which will be despatched by surface conveyance only for the present. Such correspondence may be registered.

(14) Gift Tobacco Parcels Returned from Overseas.—Gift parcels containing cigarettes, cigars or tobacco in any form originally addressed to members of the Armed Forces by Tobacco Companies for delivery outside of Canada or through Fleet Mail Offices, **must not under any circumstances be delivered to either the addressee or the sender in Canada.** Such parcels, which are undeliverable as addressed, when returned to Canada must be diverted to the Collector of Customs at the point at which they were originally mailed.

(15) Mail Prohibited to:

Empire Export Co., 1434 St. Catherine St. W., and 1640 Van Horne Avenue, Montreal, P.Q.

Commercial Clearing Company, 1434 St. Catherine St. W., and 1640 Van Horne Ave., Montreal, P.Q.

Toy Creations Company, 1434 St. Catherine St. W., and 1640 Van Horne Ave., Montreal, P.Q.

H. D. Novick, 1434 St. Catherine St. W., and 1640 Van Horne Ave., Montreal, P.Q.

Registered letters are not to be accepted addressed to the above, and all mail addressed to or coming from these addresses is to be stopped, marked "Mail for this address prohibited" and sent specially by first mail to the General Superintendent of Postal Service (for Inspection Service), Ottawa.

Money orders and postal notes are not to be made payable to the above.

INFORMATION FOR POSTMASTERS

(1) **A New Year's Message.**—An ideal of service and co-operation is expressed in the following extract from a message sent its members by the Edmonton Branch Canadian Postal Employees, and is commended as an ideal to all Postal personnel for the New Year:

"Every mason in the quarry, every builder on the shore,

Every chopper in the palmgrove, every craftsman at the oar,

Hewing wood, and drawing water, splitting stones and cleaving sod,

All the dusty ranks of labour, in the regiment of God,

March together towards His triumph, do the task His hands prepare!

Honest toil is holy service; faithful work is praise and prayer.

Let us do our task with a will and a spirit worthy of the girls and lads who serve us more actively and remember in this dark season of the Empire's history we are in truth working in His Majesty's Service, who once said:

'Go out into the darkness and put your hand into the hand of God. It shall be to you better than light and safer than the known way' ".

(2) **Acceptance of Registered Articles.**—When a registered article is presented for mailing, every possible care is to be taken to see that—

(a) It is fully prepaid both as regards ordinary postage charges and registration fee (sender should be informed of the added protection afforded by the higher fees);

(b) A receipt duly completed is given to the sender;

(c) An impression of "Original No." stamp is placed on the cover and a number given the article;

(d) An entry is made in registered record;

(e) The postage stamps are properly cancelled; and

(f) The article is properly date-stamped on the address side, and twice back-stamped upon the closing flap.

Enquiry should also be made as to the nature of the contents of a packet tendered for registration. When the contents are of such a nature as to preclude the payment of indemnity for damage, viz. glassware (especially spectacles), liquids, watches, etc., (see Section 193, Page 49 of the Canada Official Postal Guide), the sender is to be so advised and the Registration Certificate endorsed "Registered against loss only". In other "fragile" cases, the Postmaster must satisfy himself that the contents are fully protected.

(3) **Similarity in Post Office Names.**—The attention of Postmasters and Railway Mail Clerks is directed to the similarity in the names of the following Post Offices:

Bawlf, Alberta.....Banff, Alberta
Matawatchan, Ont.....Matachewan, Ont.

Particular care should be exercised in the sortation of mail for the above offices.

(4) **The Sale of Unemployment Insurance Stamps.**—The Unemployment Insurance Commission have called the attention of this Department to the failure of a number of Postmasters to sell Unemployment Insurance Stamps when requested by employers and their representatives.

This Department has undertaken to provide employers with their insurance stamp requirements. It is, therefore, necessary that they be free to make their purchases during the hours in which the Post Office is open for business. Consequently, when employers produce their licenses and requisition forms U.I.C. 419 or 420 properly completed, Postmasters must provide for the sale of these stamps just as readily as for the sale of postage stamps, postal notes, etc.

The co-operation of all Postmasters will be expected.

(5) **Proper Date Stamping.**—It has been observed that recently the impressions of hand dating stamps on letters are frequently faint, blurred, indistinct or almost illegible so that it is practically impossible to decipher either the name of the Post Office of origin or the date on which the article was mailed.

Legible date stamping is an essential feature of Post Office work and it is hoped that by paying attention to the following points the date stamping of letters will be generally improved:

(a) the type must be cleaned daily;

(b) the stamping pad must be kept clean, free of dust and well inked;

(c) the head of the dating stamp must be screwed down tightly so that the type cannot move;

(d) letters must be placed on the rubber stamping pad;

(e) a clear impression can be obtained by striking the letter with a firm smart blow (but not too hard so as to injure the envelope or cover) and with a slight forward movement as the stamp contacts the paper;

(f) shake cancelling ink thoroughly before spreading on pad.

Postmasters are requested to see that in future legible and distinct impressions of their dating stamps are placed on all mail matter.

(6) **Parcel Post to Central and South America and Caribbean Area—Relaxation of Restrictions.**—The United States Post Office Department has announced that previous restrictions with respect to overseas shipments of mail are withdrawn in the case of shipments for civilian addressees in Central America, South America, the Caribbean area and Bermuda.

The term "Caribbean area" denotes the Islands in and surrounding the Caribbean Sea, including Trinidad and the Bahamas.

The restrictions referred to above, which applied equally to mailings in Canada, are to be regarded as cancelled for Canadian mailings but senders are urged to limit their shipments to essential requirements as any increase in the volume of mails exceeding the facilities available for their despatch may result in the restrictions being restored.

There is no change in the special limitations on packages for members of the United States armed forces overseas, which will remain in force until further notice.

(7) **Prohibitory Orders Cancelled.**—

"Jehovah's Witnesses".

"Gags".—An illustrated magazine published bi-monthly by Triangle Publications, Inc., 400 N. Broad St., Philadelphia, Pa., U.S.A., editorial and circulation offices, 731 Plymouth Court, Chicago, Ill., U.S.A.

INFORMATION FOR POSTMASTERS

(1) **"Mailomat" on trial use.**—The "Mailomat", a coin-operated slot-machine Post Office, went on trial for an extended experimental test for the first time in Canada in the lobby of the Station "B", Ottawa on Thursday, February 3rd, 1944.

Postmaster General W. P. Mulock coin-mailed the first letter to the Prime Minister, Rt. Honourable W. L. Mackenzie King.

The "Mailomat" enables the public to send letters without the use of adhesive postage stamps, to deposit coins up to $1.00 at a time, dial from this prepaid credit any postage values or denominations, insert letters or postcards and thus simultaneously prepay postage and deposit letters in a simple automatic operation.

Postal officials consider the public service possibilities of the new machine both wide and important. By combining a multi-denomination postage meter, operative by coins, with a Royal mail depository having the function of a street letter box for mail collections, the "Mailomat" automatically makes one operation of purchasing postage and mailing letters. It serves, unattended, as a miniature post office, selling postage of all rates, and mechanically meter-stamping, postmarking and then depositing letters for scheduled collection by postal workers.

At a twist of a dial, the exact postage denomination is available for any letter—in a single imprinted metered mail stamp, whether 3c. for a post card, 4c. for a regular out-of-town letter, 4c. for a foreign letter, 7c. for a domestic air mail letter, 14c. for out-of-town special delivery, 17c. for air mail and special delivery, —or even 22c. for a heavier letter to go air mail and special delivery.

The machine is operating under Postage Meter Licence No. 115.

(2) .....**"We can Boast the best Postal Service of any Army".**—Quoted below is an extract from a paper bearing the title: Canada's Front Line Paper

THE RED PATCH

First Canadian Division—Central Mediterranean Force

Vol. 2—No. 7 ITALY 11 December 1943

The extract is taken from an item commenting on the new Air Mail Service to the Mediterranean theatre of war.

"Canadians have always been quick to realize the value of morale in winning wars and in this war our Army leads the world. Every means is used to maintain morale. WE CAN BOAST OF THE BEST POSTAL SERVICE OF ANY ARMY, our Auxiliary Services are doing a grand job in providing entertainment, recreation, hospitality and canteens, the Chaplains are right in with the boys bringing them inspiration and advice and now we have our own newspaper made mobile so that it can follow the battle wherever it goes. Morale in the First Division is at its highest and the recent successes of out men against formidable obstacles is sufficient proof".

TO POSTAL PERSONNEL—These words must be accepted only as a challenge to sustained and improved effort—not as a cause for self-congratulation. They place every single individual in the long chain of Canada's Postal Service under a personal obligation to keep giving of his best. Each must live up to this high opinion expressed by "The Red Patch", whose readers—our men at the front, will certainly expect it of us. By accepting the challenge we can assure "The Red Patch" and our men "up the line" that they need fear no slackening of effort on the part of the Canadian Postal Service or the Canadian Postal Corps in maintaining their mail service with their homes.

(3) Parcel post rates to and from Takla Landing, Manson Creek and Germansen Landing, British Columbia.—Parcel post rates to and from Takla Landing, Manson Creek and Germansen Landing, British Columbia are as follows:

15c. per pound or fraction of a pound up to and including 10 pounds.
$1.80 per parcel over 10 pounds up to and including 15 pounds.
$2.40 per parcel over 15 pounds up to and including 20 pounds.
$3.00 per parcel over 20 pounds up to and including 25 pounds.

The above rates supersede ordinary parcel post rates previously in effect and Postmasters will please be guided accordingly.

(4) Special Handling of Shipments of Eggs.—The attention of Postmasters is directed to the following section quoted from page 33 of the Postal Guide in regard to the mailing of shipments of eggs by parcel post:—

"As the safe transmission of eggs is a matter of some difficulty shippers are advised to adopt the following method of packing:—Use a wooden, papier mache, or other box of rigid material with a well-fitting tightly adjusted lid, wrap each egg separately in newspaper or other protecting material, place the eggs on end and fill up the vacant spaces in the box with newspaper or other packing materials so as to prevent the eggs from striking together or against the sides, top or bottom of the box; mark the parcel EGGS".

It is requested that Postmasters as far as possible have care taken to see that shipments of eggs presented for mailing are prepared in the manner described above, and that one of the labels—"EGGS—HANDLE WITH GREAT CARE" is affixed to the parcel.

Fragile parcels of this nature are to be despatched in "fragile" bags and all postal employees should again be reminded not to handle roughly fragile parcels or bags containing fragile parcels.

In piling, loading or unloading mail, "fragile" bags should be kept on top.

(5) Transmission of Day-old Chicks by Parcel Post.—As the season is about to commence during which live day-old chicks may be shipped at parcel post rates at the risk of the sender to places within Canada and the United States, Postmasters are requested again to read the section on page 33 of the Canada Official Postal Guide, outlining the manner in which such shipments should be prepared before acceptance for transmission at parcel post rates.

(6) REQUISITIONS FOR NEW SUPPLIES OF UNEMPLOYMENT INSURANCE STAMPS.

Requisitions for new supplies of Unemployment Insurance Stamps (FB 21PM) have been received at Stamp Depots without the stock on hand being reported in the space provided for the purpose.

As this information is required at the Depots, Postmasters should see that the various denominations making up their remaining supply of Unemployment Insurance Stamps are always reported when requisitions (FB 21 PM) are forwarded for new supplies of these stamps.

(7) Similarity in Post Office names.—The attention of Postmasters and Railway Mail Clerks is directed to the similarity in the names of the following Post Offices:

Domville, Ont.....Dunnville, Ont.

Particular care should be exercised in the sortation of mail for the above Offices.

(8) Date Stamping Radio Licences.—District Directors and Postmasters are requested to see that commencing at once when radio licences are issued all three copies are to be legibly date stamped at the lower left-hand corner.

At Accounting Post Offices the date stamp used in connection with money order business is to be used.

At Non-Accounting Post Offices the steel date stamp is to be used but great care is to be exercised to see that in applying the date stamp no damage is done to the original licences or to the duplicate and triplicate copies.

(9) All Parcels Originating outside of Canada not stamped "Duty Free" or "Duty Paid" by the Customs and bearing a red Customs sticker No. 70, or which bearing neither a Customs Stamp impression nor sticker are suspected of containing dutiable matter, MUST BE SUBMITTED TO THE CUSTOMS FOR EXAMINATION before delivery is made to the addressees.

The above applies particularly to parcels originating outside of Canada received at Post Offices in domestic bags.

(10) Mail to C.A.P.O. 10.—With reference to notice in the October, 1943 Supplement to the Postal Guide, it should be noted that in future the following rates of postage will apply to mail for members of the Armed Forces addressed to C.A.P.O. 10:

Letters—By surface route	3c. for first oz.
	2c. for each additional oz.
—By Air Mail	6c. for first oz.
	5c. for each additional oz.
Postcards	2c. each.
Newspapers	Domestic rates.
Printed Matter	1c. per 2 oz.
Parcels	12c. per lb., or fraction thereof up to a limit of 11 pounds (no Insurance).

(11) Airgraph Messages to Australia.—Airgraph messages addressed to members of the United States Armed Forces in Australia may be accepted.

Such messages will most likely be addressed to an A.P.O. c-o Postmaster, San Francisco.

(12) Air Mail to Corsica.—This will refer to Notice No. (1) appearing in Weekly Bulletin of the 4th December 1943, in regard to the resumption of mail service to Corsica.

Air mail service to Corsica is now also available at the postage rate of 30c. per half-ounce or fraction thereof.

As in the case of surface correspondence the air mail service is restricted to letters and postcards on strictly personal and private matters. Such correspondence may be registered.

(13) Mail for Polish Armed Forces in the United Kingdom.—

Reference is made to the notice in Bulletin No. 1167 of 17th July, 1943, in regard to the addressing of mail for members of Allied Armed Forces in the United Kingdom.

Information has now been received from the British Postal Authorities that the question of the Box Numbers to be used by the Polish Forces is being re-considered. Pending a definite decision on the subject the following Box Numbers should be used:—

Polish Army.....Box No. 260, London, E.C. 1.
Polish Air Force.....Box No. 277, London, E.C. 1.
Polish Navy.....Box No. 293, London, E.C. 1.

(14) Prohibitory Orders Cancelled.—

Empire Export Co., 1434 St. Catherine St. W., Montreal, P.Q.

N. D. Novick, 1434 St. Catherine St., W., and 1640 Van Horne Ave., Montreal, P.Q.

(15) Racing Tips.—

P. J. Ruman, 420 Lexington Ave., New York., N.Y., U.S.A.

F. R. Sylvestre, 420 Lexington Ave., New York, N.Y., U.S.A.

Racing tip literature mailed by the above has been observed in the Canadian mails, and as the supplying of racing tips is illegal in Canada, registered letters are not to be accepted addressed to the above and all mail addressed to or coming from these addresses is to be stopped, marked "Mail for this address prohibited" and sent specially by first mail to the General Superintendent of Postal Services (for Inspection Service), Ottawa.

Money Orders are not to be made payable to the above.

MONEY ORDER INFORMATION

Money Orders in Favour of Members of the Canadian Armed Forces for Payment at Canadian Army Post Offices (C.A.P.O. Nos. 1, 2, 3, etc.,) and for Payment at the Army Post Office (A.P.O.), London, England

Money Orders drawn on Canadian Army Post Offices (C.A.P.O. Nos. 1, 2, 3, etc.), may be issued for any amount and in precisely the same manner as an order issued for payment in Canada. The domestic rate of commission must be collected and the order with coupon attached is to be handed to sender for transmission to the payee. No advice is required.

Postmasters will please delete the word "Overseas" from the notice published in the Post Office Weekly Bulletin No. 1175 dated the 11th September, 1943, captioned "Money Orders may be issued for payment at Canadian Army Post Offices (C.A.P.O. Nos. 1, 2, 3, etc.), irrespective of where they may be located".

Orders drawn on the Army Post Office (A.P.O.), London, England must be forwarded to the International Exchange Office at Ottawa with the coupon and relative advice. The commission on orders payable in Great Britain and Empire countries must be collected from the sender. Such orders must not exceed $10 per remitter per day.

RULE 67, BOOK OF FINANCIAL PROCEDURE FOR ACCOUNTING POST OFFICES

Postmasters will please change Rule 67, Book of Financial Procedure for Accounting Post Offices to read as follows:

Bank or Express Money Orders, if accepted in lieu of cash by a postmaster, must not be listed and claimed with post office money orders but should be included in the postmaster's deposit, or remittance, to the bank on post office account.

NAME OF COUNTRY OF PAYMENT MUST BE DESIGNATED IN MONEY ORDER RETURN

In many cases, Money Order Returns are received in which the name of the country of payment is either omitted or improperly designated or where ditto marks (") are wrongly employed indicating several Orders as being drawn on the same country usually Canada, which quite frequently is not the case. Such incorrect designation of the country of payment not only results in delay in audit but adds unnecessary verification costs to the Department.

The indication in the Money Order Return of the name of the country of payment opposite each Order reported is absolutely essential for the audit of Money Order commission and for the verification of despatch to the International Exchange Office, Ottawa, of the advices of Orders payable outside Canada.

Postmasters are personally responsible for the preparation of their accounts, and care must be taken to see that the entries in the Money Order Return are carefully transcribed from the relative Postmaster's stubs.

INFORMATION FOR POSTMASTERS

(1) Priority Casualty Postcards.—A Canadian Army priority casualty postcard has been authorizee to enable next-of-kin in Canada to receive personal notification from casualties in hospital overseas as soon as possible after receipt of the casualty telegram.

Each soldier admitted to hospital, other than those suffering from minor ailments, is furnished with a priority casualty postcard, which is completed by the patient, or on his behalf by an orderly or nurse.

When the card has been filled in it is despatched by the most expeditious means available to the nearest Canadian Army Field Post Office for transmission by air mail, if possible, to the Canadian Army Records Office in the United Kingdom. After verification at the Records Office, the card is transferred to the Canadian Postal Corps and given onward transmission by first air mail despatch to the next-of-kin in Canada.

The priority casualty postcard suggests to the next-of-kin that when writing to the soldier who is in hospital, the words "In Hospital" be added to the unit address usually used. Letters bearing this indication instead of being forwarded to the soldier's unit are routed to the Records Office in the United Kingdom or with the Central Mediterranean Forces, as the case may be, and are forwarded from there to the addressee's current location. This procedure shortcuts the normal practice of delivery to the unit and tracing through the various steps from one unit to another and eventually to the hospital.

Letters bearing the indication "In Hospital" are given priority treatment at the Base Post Office and are given preference in the matter of transport according to the postage rate paid, air or surface.

HELP SAVE SHIPPING SPACE FOR WAR SUPPLIES. URGE PATRONS TO USE AIRGRAPH—ARMED FORCES AIR LETTERS—LIGHTWEIGHT STATIONERY.

(2) **Believe it or Not.**—When sent in cold storage, Canada's beef, pork and dairy products win deserved acclaim in Britain. When they reach the Base Post Office en route—packed in a cardboard container, wrapped in brown paper and addressed to a soldier on the other side of the Atlantic, the reception they get from the men of the Canadian Postal Corps, is far from cordial.

Recently the Officer Commanding the Base Post Office reported an almost unbelievable incident—yet there it lay, a damaged parcel in the Repair Section containing several pounds of beefsteak, a roast of pork and a pound of butter—along with a suet pudding.

Postal authorities might seem to be labouring the point when they again remind the general public that items such as raw beefsteak and pork, to say nothing of butter and suet pudding, do not make the best travelling companions in heated railway mail cars or when packed with thousands of other parcels in the holds of ships for trans-ocean military destinations. It will be recalled that in recent weeks somebody else mailed a well browned turkey drumstick to a soldier 3,000 miles away and prior to that a soldier's parcel at the Base Post Office was found to contain a clod of earth and a few hundred worms.

Another unfortunate angle of the present case—apart from the waste of valuable time it occasioned at the Base Post Office—was the fact that the sender must have expended valuable ration coupons to purchase the meat and the butter to send to that boy over there. Ironically enough, the Customs Declaration accompanying this parcel was labelled "consaivre", which as a Canadian Postal Corps member remarked, was the only visible attempt as "preservation". The sender of the parcel was notified by the Postal authorities that such items should not be mailed.

Again Postmaster General Mulock asks the public, in their own interest and that of the men and women overseas, to whom parcels mean so much, not to mail untinned meats, cardboard cartons of butter or any sort of foodstuff that will spoil in transit and cause damage to the surrounding mails.

(3) **Air Parcel Rates Applicable to Parcels for the Magdalen Islands.**—The attention of Postmasters is directed to the fact that the following air parcel rates are applicable to and from the Magdalen Islands during the season of closed navigation.

15c. per pound or fraction of a pound up to and including 10 lb.

$1.80 per parcel over 10 lb. up to and including 15 lb.

$2.40 per parcel over 15 lb. up to and including 20 lb.

$3.00 per parcel over 20 lb. up to and including 25 lb.

Parcels are apparently being received at Charlottetown for onward transmission prepaid at ordinary parcel post rates and these are forwarded to destination rated for the postage due.

In view of the above, Postmasters will please see that the air parcel rates outlined above are charged in each case.

(4) **Unaddressed Magazines for Armed Forces.**—Postmasters are informed that the present arrangement, under which the public are permitted to hand in unaddressed books at Post Offices for the use of the Armed Forces, has been extended to include unaddressed magazines.

Effective immediately, any unaddressed magazines handed in at Post Offices are to be accepted and handled in the same way as printed books donated by the public.

(7) **Alleged Loss of Unemployment Insurance Stamps.**—A number of cases have been reported to the Department wherein Postmasters allege to have accidentally lost or destroyed Unemployment Insurance Stamps.

(19) **Shortpaid Parcels for Overseas.**—Far too many parcels for overseas continue to be posted with insufficient postage. Many parcels for civil addresses are only prepaid at the special reduced rate of 12 cents per pound applicable to parcels for members of the Armed Forces Overseas. Unless Postmasters are absolutely sure that a parcel is addressed in such a way as to warrant its prepayment at the military rate of 12c. per pound, or fraction thereof, the civilian rate of postage should be charged.

Postmasters are requested to see that more attention is paid to this important matter.

MONEY ORDER INFORMATION

PAYMENT OF BRITISH POSTAL ORDERS

The regulations governing the payment of British Postal Orders provide that an amount not exceeding £2–2–0 may be sent in any one day by a member of the Canadian or Newfoundland armed forces overseas.

Payment is made at the rate of $4.43 equals £1 and the regimental number, rank, name and military designation of the sender must be inscribed on the reverse of each order.

In the event of British Postal Orders exceeding the limit of £2–2–0 being presented payment is not to be refused but deferred and the full particulars reported to the Financial Superintendent, Money Order Division, Ottawa, so that special authorization for payment may be granted.

LAPSED MONEY ORDERS AND POSTAL NOTES MUST NOT BE PAID WITHOUT SPECIAL AUTHORITY

The audit of Money Orders and Postal Notes discloses that Money Orders and Postal Notes are being paid after they have become lapsed (viz.: one year from the last day of the month of issue) without the special authority of the Department being obtained as required by Rule 53, Book of Financial Procedure for Accounting Post Offices.

The date of issue of Money Orders and Postal Notes must be carefully examined before payment and under no circumstances may a lapsed Money Order or Postal Note be paid before receipt of authority therefor and payment of the revalidation fee of 10 cents.

MONEY ORDERS SENT BY MISSIONARY ORGANIZATIONS IN CANADA IN FAVOUR OF MISSIONS OPERATING IN CHINA, DESPATCHED VIA GREAT BRITAIN

Money Order remittances from missionary organizations in Canada in favour of missions operating in China will be transmitted to China via the Bank of China, London, England.

Such Orders will be drawn on London, England. Two application forms (M.O. No. 1 P.M.) showing in each form the complete name and address of the payee must be obtained from the sender and enclosed with the Order and relative Coupon in Envelope M.O. No. 9 P.M. to the Money Order Exchange Office, Ottawa. The words "For Missionary Purposes" should be entered on the forms M.O. No. 1 P.M. and the sender should indicate on the same forms whether the remittance should be made via Mail Transfer or Cable Transfer from London to China. The Money Order Receipt only is to be handed to the sender.

The commission on Orders issued for payment in Great Britain and Empire Countries must be collected and reported in the Money Order Return. The

name of the country of payment must be designated in the Money Order Return as England (China). The Money Order Exchange Office, Ottawa, will convert the amount deposited in Canadian money into sterling at the official rate of $4.47 to the £1 sterling and the Bank of China at Chunking, China, will convert the sterling amount into Chinese dollars at the rate of 3 pence equals one Chinese dollar, or 80 Chinese dollars equals one pound sterling.

A subsidy of 100% on such remittances will be paid by the Chinese Government and the payee in China will receive approximately 160 Chinese dollars for every one pound sterling after the commission charges made by the Bank of China, London, England, have been deducted from the sterling amount transferred from England to China.

INFORMATION FOR POSTMASTERS

(1) WANTED—WASTE PAPER—

CANADA NEEDS 20,000 TONS OF WASTE PAPER PER MONTH

There is a desperate need for Paper Containers to send necessary supplies to the Fighting Forces.

The mills are operating from hand to mouth—they require 20,000 tons of Waste Paper per month—hence this appeal to you.

This is an essential part of your war effort on the home front. You have not failed Canada in previous war effort appeals—We are confident that you will again rise to the occasion.

PAPER CONTAINERS DOING A WAR JOB

The time was, and not so very long ago, when a paper box was merely a container designed to convey its contents to destination without scuff or breakage. **Today—Paper Containers Have Gone to War.**

Paper Containers, in addition to their hundreds of well known uses for military and civilian purposes have also been designed for the following uses:—

1. To be thrown **overboard for landing operations,** floating to shore or sinking to the bottom to be recovered at low tide.
2. To provide protection for medical kits, Blood Plasma, emergency rations, gas masks and for hundreds of Naval, Army and Air Force uses.
3. Paper parachutes, strong enough to convey to earth precious food and supplies for isolated men and units, are now in use on many fronts.
4. Containers made from treated papers capable of forming a package liner that will contain and hold high volatile solvent vapours such as naphtha and benzine.
5. Treated paper electrical conduits are replacing metal and wood.
6. Paper containers for shells, grenades, fuses, etc.
7. Paper containers for dehydrated foods, saving the cargo space of a ship. Beef, potatoes, eggs, milk, etc., when dehydrated and compressed and packed in paper containers (cartons) means a saving of about 85 per cent of cargo space.
8. Paper containers for canisters are used for transporting powder in shell-filling plants, the T.N.T. tubes and shell components.
9. Ack-Ack shells, airplane propellers, bombs, require paperboard containers.

The millions of these Paper Containers sent overseas cannot be returned for re-use.

The support of all Postal Personnel is earnestly requested. All salvage paper should be disposed of through the usual channels locally to reach the mills for re-processing.

(2) Air Stage Service—Leamington-Pelee Island discontinued.—The above air stage service (route 43 in air mail schedules) has been discontinued.

With the opening of navigation the usual summer service goes into effect.

(3) Re Form 67B Forwarded to Publishers.—Attention has been directed to the fact that Postmasters often fill in the particulars required to complete form 67B, in illegible handwriting, and such notices are, therefore, of little or no use to the publishers.

Postmasters will please see that in future these notices are prepared with all the particulars, i.e., name, address, key number, etc., clearly written before they are forwarded to publishers. Block letters, where possible, or typewritten entries would be preferable.

(4) Similarity in Post Office Names.—A housing development, known as "Burkeville", has recently been established in the vicinity of Vancouver. The correct Postal address is Eburne, B.C. but mail is variously addressed to Burkeville, B.C.; Burkeville Eburne, B.C.; Burkeville Sea Island, and Burkeville, Vancouver, and is being missent to Barkerville, B.C.

Particular care should be exercised to see that mail intended for "Burkeville" is forwarded to Eburne.

(5) Redemption of Stamps.—The Unemployment Insurance Commission has reported to this Department occasions on which Unemployment Insurance Stamps have been redeemed by the Postal Service without authority.

Attention is called to the necessity for following the regulations which forbid the redemption of stamps handled by Post Offices, such as Postage Stamps, Unemployment Insurance Stamps and War Savings Stamps.

For the exceptional case in which redemption might be considered, authority must be obtained from the Department before any request for redemption is acted on.

(6) Sale of Unemployment Insurance Stamps.—Postmasters are reminded that the following regulations are to be strictly observed at all times when Unemployment Insurance Stamps are sold:—

1. The employer, or his representative, must always present his licence and Requisition Form U.I.C. 419 or 420 properly completed, when he purchases these stamps. Employers who have lost their licences should be informed of the regulations and the necessity of obtaining duplicates from the nearest office of the Unemployment Insurance Commission before he can make further purchases.
2. The Postmaster must see that the employer's name, address and licence number are accurately and legibly entered on forms U.I.C. 419-420. The name of the employer on U.I.C. 419-420 should agree exactly with the name on the licence.

(7) Parcels for Personnel with the United States Armed Forces Overseas.—Parcels mailed in Canada addressed to Canadian, United States and other Allied Armed Forces personnel who are receiving their mail through United States Army Post Offices outside continental United States must not exceed 5 pounds in weight and 15 inches in length or 36 inches in length and girth combined.

Parcels conforming to these restrictions are entitled to the Armed Forces rate of postage of 12 cents per pound.

Perishable matter should not be included in such parcels.

It is to be especially noted that not all United States Army Post Offices (A.P.O's) serve overseas forces. The aforementioned regulations apply only in the case of parcels addressed for delivery through A.P.O's in care of the following Postmasters:—

New York, N.Y.
San Francisco, Cal.
Seattle, Wash.
New Orleans, La.
Miami, Fla.
Presque Isle, Maine.
Minneapolis, Minn.

This notice supersedes previous instructions on this subject and Postmasters are requested to see that the above regulations are observed.

(8) Parcels for Armed Forces Mailed by Local Organizations.—A large number of parcels are being received overseas addressed to Armed Forces personnel of whom there is no record in the United Kingdom. It has been noted that the majority of such parcels have been mailed by women's auxiliaries, local organizations and other similar groups.

It would appear that parcels are being addressed overseas for members of the Armed Forces who have never left Canada. The fault in many instances may be due to the difficulty in maintaining an up-to-date mailing list.

Postmasters are requested to draw to the attention of officials of local organizations the importance of maintaining a correct and up-to-date mailing list for overseas parcels.

(9) Airgraph Messages Addressed to members of the Armed Forces in Australia and New Zealand may now be accepted

Australia should be inserted after Aden and New Zealand after Mauritius in (a) of the list published in the August, 1943 Supplement.

(10) Airgraphs for Gambia, Gold Coast Colony, Nigeria and Sierra Leone may now be accepted for CIVILIAN ADDRESSES ONLY.

Gambia and Gold Coast Colony should be inserted after Egypt, Nigeria after Northern Rhodesia and Sierra Leone after Seychelles in the list published in the August, 1943 Supplement to the PostalGuide.

(11) Airgraphs for Reunion may now be accepted for both ARMED FORCES and CIVILIAN addresses.

"REUNION" should be inserted after Nyasaland in (a) and after Palestine in (b) of the list published in the August 1943 Supplement.

(12) Mail for the Navy.—All letter mail, whether prepaid at air or surface rates, for naval personnel addressed to

G.P.O. London
Canadian Fleet Mail Office, London
Canadian Fleet Mail Office, "Niobe"
Canadian Fleet Mail Office, Londonderry, Northern Ireland

is to be forwarded on the Fleet Mail Office, Ottawa, commencing immediately.

Other classes of mail matter for members of the Navy will continue to be forwarded as previously.

(13) Free Mailing Privileges for Ordinary Letters to Points Outside India Granted Members of His Majesty's Forces in India.—Postmasters are informed that with effect from the 15th March, 1944, Members of His Majesty's Forces serving in India have been permitted by the Government of India to send free of postage surface mail letters weighing not more than two ounces and post cards addressed

to any place outside India with which mail communications are available. Letters exceeding two ounces in weight will be prepaid with full postage and no free allowance will be admissible in respect of such letters. In the case of registered and insured articles not exceeding two ounces in weight only the registration and insurance fee and not the postage due thereon will be paid.

All articles posted by the troops under the above concession will bear (i) the Unit Censor Stamp, (ii) the superscription "On Active Service" on the face of the cover and (iii) number, name and rank of the sender on the reverse of the cover, except that the Green Envelope posted by members of H.M.'s Forces will not bear the Unit Censor Stamp. In the case of post cards, the number, name and rank of the sender will appear on the left hand corner of the address side of the card.

Letters mailed under these conditions are to be delivered to destination without surcharge in the usual way.

(14) Parcels for Allied Armed Forces in the United Kingdom.—Reference is made to notices in the Bulletins of 5th February, 1944, 17th July, 1943 and 11th April, 1942 concerning parcels for personnel of Allied Armed Forces in Great Britain.

It is to be understood that the special rate of 12 cents per pound up to the limit of 11 pounds, applies in the case of all such parcels.

(15) Parcel Post for Personnel of Canadian Red Cross Society in the United Kingdom.—Parcels addressed to personnel of the Canadian Red Cross Society in the United Kingdom will be entitled in future to the special postage rate of **12 cents per pound** applicable to parcels for members of the Armed Forces provided that such parcels are addressed to a **Canadian military address** in the United Kingdom. Limit of weight 11 pounds.

Information has been received from the British Post Office that parcels so addressed will be delivered duty free.

Parcels not exceeding 11 pounds for members of the Canadian Red Cross and not addressed to a Canadian military address but as follows:—

c/o The Canadian Red Cross Society,
Overseas Headquarters,
3 Burlington Gardens,
London, W.1, England,

will be delivered duty free, **but civilian and not the 12 cent per lb., postage rate will apply.**

(16) Belgian Congo—Import Restrictions.—Reference is made to the notice in the May 15, 1943 issue of the Weekly Bulletin, and on Page 91 of the 1944-45 Canada Official Postal Guide in regard to import licences required for shipments of goods to the Belgian Congo.

Advice has now been received that an import licence is required only when the importation of goods involves the transfer of funds from the Belgian Congo in payment thereof.

Gift parcels for the Belgian Congo may, therefore, be accepted for transmission without an import permit. They should be clearly endorsed:—

"Gift—Cost defrayed by sender—
No transfer of funds involved".

(17) Dutiable Articles sent to the United States by Letter Post subject to seizure if not properly endorsed.—Attention is directed to the last paragraph of the section headed "Prohibitions" on page 162 of the 1944-45 Postal Guide. This paragraph should be amended to read as follows:—

Dutiable articles may be imported by letter post, provided the covers are endorsed "dutiable articles" and "subject to examination by United States customs officers", and properly executed customs declarations or invoices are enclosed; otherwise, if the contents have an aggregate value exceeding $1.00, or are subject to internal-revenue tax irrespective of their value, such articles are subject to seizure and forfeiture as having been imported contrary to law.

The following words should be added to the last sentence of the first paragraph of section 407, page 76: . . . . . and the importance of complying with these regulations should also be pointed out to mailers of merchandise by letter post to the United States.

(18) Prohibitory Order Cancelled.—

Postmasters are informed that the Money Order service between Canada and Faroe Islands, Netherlands Guiana and Netherlands West Indies has been resumed. The service will be conducted through the intermediary of the British Postal Administration.

The maximum amount of a single Money Order drawn on Netherlands Guiana and Netherlands West Indies is £10 or its equivalent in Canadian currency.

Postmasters will please delete "service suspended" noted against Curacao, Dutch Guiana (or Netherlands Guiana), Dutch West Indies (or Netherlands West Indies) and Faroe Islands in the Canada Official Postal Guide for 1940-1 or 1944-5 and insert "via England". The letter "E" opposite Faroe Islands must be deleted and the letter "C" substituted. The letter "C" is also to be entered against Netherlands Guiana and Netherlands West Indies in the Postal Guide for 1944-45.

Similar amendments are to be made in the list of countries on which Money Orders may be drawn in the Book of Financial Procedure for Accounting Post Offices.

REMITTANCES TO CHINA

The Bank of China, New York, N.Y., U.S.A., advise that, according to a cable received from their Head Office, a new branch has been established in Sunchong in the district of Toyshan, Province of Kwangtung.

This Sunchong Branch must not be confused with the Toyshan Branch. Sunchong is a city in the district of Toyshan, and the remitters themselves will indicate on their application forms M.O. No. 1 P.M. on which office the transactions are to be drawn.

Applications may, therefore, now be accepted for mail and cable transfers to be drawn on Sunchong.

REPORTING NON-DOMICILED MONEY ORDERS IN MONEY ORDER RETURN

Postmasters are informed that when reporting the issue of new style non-domiciled orders, the serial numbers of which contain more than five figures, it will not be necessary to write the whole serial number for the first or last order reported as the last five figures only should be indicated. For the first tenth or multiple of ten thereof the last two figures only should be shown including the last figure which is printed on the return.

When a new series viz., the first three figures preceding the dash (—) in the serial number is commenced for the first time, the whole serial number, viz., the full eight figures must be entered for the first order reported in the Money Order Return.

The full serial number of the last order reported in the previous return must, however, be entered at the top of the return in the special space provided for this purpose.

INFORMATION FOR POSTMASTERS

(1) **Trans-Atlantic Air Mail Service—Several Trips now Operating Weekly for Civilian Mails.**—A further improvement of space devouring Trans-Atlantic Air Mail Service is now in effect according to an announcement by Postmaster General Mulock. He states that a point has been reached whereby citizens are now assured of service several times a week to the United Kingdom for Air Mail prepaid at the regular Trans-Atlantic rate of 30 cents per ½ ounce.

The new schedule will be welcomed by correspondents, providing as it does an additional link with the old land for the exchange of civilian correspondence, and will facilitate the movement of the ever growing air mail volume overseas.

With the coming of summer, bringing with it improved flying conditions, patrons are assured of a greater degree of regularity in schedule and efficiency in operation.

War-time restrictions prohibit the publication of the dates and times of departure and arrival.

In conjunction with Trans-Atlantic Air Mail Service the connecting link with the Trans-Canada Air Mail network will open up tremendous time-saving possibilities to all sections of Canada. In preparing Overseas Air Mail the public should bear in mind that the use of lightweight stationery saves valuable space on trans-Atlantic planes and at the same time saves the sender money in postage.

It is suggested that Air Mail to civilians in the United Kingdom bear the usual Air Mail sticker and be endorsed "Via Trans-Atlantic Air Mail".

The above is to be given all possible publicity. Every effort is to be made to bring the improved Trans-Atlantic Air Mail Service to the attention of prospective mailers.

(2) Mail Losses by Enemy Action.—The Postmaster General regrets to announce the most recent loss through enemy action, of a consignment of parcels, tobacco and news intended for members of the Armed Forces in the Mediterranean area, which was despatched from the Base Post Office, Canada, on March 21 and 23, 1944. These items would have been mailed between March 7 and March 22nd.

Hon. Mr. Mulock points out that this is the latest of a series of difficulties encountered in getting the mail to the Armed Forces. Since the beginning of the year other losses have included:—

Damage by fire early in the year to 34 bags of Armed Forces' mail bound for the Mediterranean area,—most of the mail was salvaged.

Loss at sea through enemy action of 861 bags of ordinary and tobacco parcels and news en route from the United Kingdom to the Mediterranean. A portion of this mail was posted in Canada.

Mail plane en route to Mediterranean compelled to jettison 5,059 lb. of air and surface letters

Enemy action at sea resulted in loss of 301 bags of ordinary and tobacco parcels and news despatched from Base Post Office, Canada.

Engine trouble on mail plane bound from Mediterranean to Britain resulted in the jettisoning of 1 bag of Air Mail and 176 bags of ordinary letters from the Forces to Canadian addresses.

Loss of 4,851 lb. of letter mail—air and surface—aboard a plane from the United Kingdom which crashed and burned en route to Mediterranean.

The above illustrates some of the abnormal conditions which must be faced in war-time operation. Postal authorities have encountered losses from enemy action—fire, collision of planes, jettisoning, etc.

Unfortunately the "mishaps" referred to above took the heaviest toll in mail for the Forces fighting in the Mediterranean area.

When it is considered that the losses represent a mere fraction of the ever-increasing volume of mails safely delivered, a clearer picture of mail service to the Armed Forces can be obtained. Last year, for instance—the heaviest on record—out of 31,500,000 letters, 27,500,000 lb. of parcels and 997,000 lb. news despatched to our Forces Overseas by the Canadian Postal Corps, losses from all causes were little over 1%.

Latest reports are to the effect that improvements in the Mail Service, coupled with better weather conditions, has enabled a greater degree of scheduled regularity to be maintained to the satisfaction of the Mediterranean Forces.

POSTMASTERS WILL PLEASE GIVE THE ABOVE ALL PUBLICITY POSSIBLE.

(3) Overseas Mail.—The following editorial appeared in the April 30 edition of "The Canadian Veteran", Montreal, P.Q.

To suggest that the Post Office Department never makes an error, or that its system is absolutely perfect would be absurd and perhaps a bit too much to expect of any institution run by human beings.

Nevertheless we do feel called upon to say that, in our opinion, the department headed by Great War Veteran Col. W. P. Mulock has, considering the tremendous difficulties which it has had to surmount, done one of the best jobs of any Government department since hostilities broke out.

That statement may seem to a great many of those who in recent months have had apparently good reason to grumble about the delay in mail to and from the men and women overseas, a bit extreme. Naturally those at home and abroad who watch so eagerly for news of loved ones are distressed and disturbed when long-waited letters fail to arrive as promptly as they would like. But we are afraid it is a situation which, little as it may be liked, must be accepted as an inevitable part of war.

The Canadian Veteran has, in recent months, received many complaints about delays in the mails. It has been afforded the utmost co-operation by the Postmaster General and his staff in investigating those complaints. Even before those complaints became as common as they have recently this journal had been afforded opportunities of studying the postal system in connection with mail to and from the armed forces and of commenting thereon. It can state unequivocally that it believes that the utmost is being done by a greatly overburdened and overworked staff to handle mail for the forces speedily, efficiently, and above all, sympathetically.

The magnitude and difficulties of the task which the Post Office is handling are, to a layman, almost unbelievable. Unfortunately many of them cannot, for military reasons, be made public. Shortage of transportation facilities, the inevitable slowness of the convoy system, weather, enemy action, the difficulties attendant upon the frequent movement of personnel, are obvious conditions which play their part in slowing up deliveries. And, as zero hour for invasion approaches, the situation becomes even more complicated.

It is not our desire to launch into fulsome praise of a Government department without reason, but we do feel that, in all fairness, the conditions under which the Post Office Department has to operate should be given consideration by those whom it is trying so hard to serve. Its civilian and Postal Corps members have done and are doing, in our humble opinion, a first-class job under most difficult and trying handicaps—handicaps which are an inevitable concomitant of war.

We say all this with complete sympathy for those to whom mail means so much. Our only purpose in so doing is to try to bring some measure of reassurance that distressing as the delays may be, they must be accepted as part of the price which must be paid for freedom from Hitlerism.

(4) Air Stage Service—Rimouski-North Shore River St. Lawrence—Discontinued.—The above air stage service (route 42 in air mail schedules) operated during the winter season has been discontinued. The last flight was performed April 29th.

The usual surface mail services are now in effect.

First-class mail will, however, be conveyed between Rimouski and Baie Comeau, P.Q., during the season of open navigation as indicated in Schedule No. 42A.

(5) Summer Mail Service to Yukon.—Attention is invited to the fact that navigation in the Yukon opened on May 26. Surface conveyance of mail in the Yukon has now been resumed and Summer Service Parcel Post rates to the Yukon are now in effect.

Postmasters will please give the above every publicity through the press and otherwise.

(6) Similarity in Post Office Names.—The attention of Postmasters and Railway Mail Clerks is directed to the similarity in the names of the following Post Offices:

	Longlac, Ont.	Long Lake, Ont.
Patricia, Alta.	Patricia Bay, B.C. (non-post office point)	Patience, Alta.

Particular care should be exercised in the sortation of mail for the above offices.

(7) Airgraph Service.—Patrons are requested NOT to address airgraph messages to places in:

Canada Newfoundland Labrador
British West Indies British Guiana Bermuda
United States
Australia } Except messages from R.A.A.F. and R.N.Z.A.F. and Merchant Navy and
New Zealand } those addressed to Members of the Armed Forces.

Nor to any C.A.P.O.

Messages addressed to any of the above places cannot be sent by airgraph and their transmission to addressees is therefore delayed.

(8) Airgraph Fees Reduced.—Airgraph fees have been reduced, and until further notice will be as follows:—

To Armed Forces.....	5 cents
Sent by Armed Forces in Canada to Civilians (Note: Rank, Unit and Service must be included in the sender's address).....	5 cents
Sent by Civilians to Civilians.....	10 cents

(9) Disposal of Post Office Records.—Section 662, Page 84, of book USEFUL INFORMATION FOR POSTMASTERS is to be amended **immediately** by deleting the last four words "or destroyed by fire".

Postmasters are informed that in future Post Office Records are to be disposed of as WASTE PAPER and NOT destroyed by fire.

(10) Personal Postage Message Scheme.—The Personal Postal Message Scheme is no longer available for communication with Corsica or Allied-occupied Italy, including Sicily and Sardinia.

(11) Parcels Originating Outside of Canada.—Parcels originating outside of Canada which have NOT been stamped either "DUTY FREE" or "DUTY PAID" by the Customs MUST POSITIVELY BE SUBMITTED TO THE CUSTOMS FOR EXAMINATION before delivery is made to the addressees.

BEFORE delivery is effected of any parcel originally mailed in any country outside of Canada, Postmasters and postal employees must satisfy themselves as to whether or not it has already been stamped "DUTY FREE" or "DUTY PAID".

Considerable revenue is being lost owing to dutiable mail matter being delivered by postal employees before the customs charges have been collected, and every precaution MUST be taken to ensure that no further losses in this respect occur.

(12) Rates of Postage on Letters and Postcards from Other Countries to Canada.—Postmasters are advised that the rate of postage on letters and postcards from the country mentioned below is as follows:

	1st weight	2nd weight	Postcards
MEXICO.....	12 centavos	12 centavos	6 centavos

The above is to be substituted for the corresponding entry in the list of rates of postage from foreign countries, page 84 of the 1944-45 Postal Guide.

Surcharges should be collected according to Post Office markings.

(13) Parcel Post to Africa via the United States—Relaxation of Restrictions.—The United States Post Office Department has announced that previous restrictions with respect to parcel post shipments to civilian addressees in Africa are withdrawn.

These restrictions which applied equally to mailings in Canada for despatch via the United States, are to be regarded as cancelled for such Canadian mailings.

There has been no change in the special limitations on parcels despatched from Canada to Africa by the **direct route** from Canada.

No relaxation of the export regulations, or the import restrictions in the countries of destination, is implied by this announcement; nor has there been any change in the limitations governing parcels for members of the United States Armed Forces Overseas, which will remain in force until further notice.

Prospective mailers are urged to limit their shipments for the destinations concerned to essential requirements, since an increase in the volume of mails for any destination exceeding the facilities available for their despatch may result in a restoration of the restrictions.

It should be noted that this order is not to be construed as authorizing parcel post service to any destination to which the United States service is suspended.

(14) Changes and Corrections in 1944-45 Postal Guide.—Section 3, page 11, should be amended by substituting the following for the last paragraph of the above-mentioned section—

"Bank bills must be put up in a compact package and securely tied with strong twine BEFORE WRAPPING. The wrapper must be of linen or other strong, woven material, linen lined paper or two thicknesses of strong kraft paper (not less than 40 lb. weight per ream). AFTER WRAPPING, the package must again be securely tied or stitched and sealed at the points of closing."

Section 82, page 23, the last paragraph thereof should be amended to read as follows:

"The maximum weight of a packet of literature for the blind is fixed at fifteen pounds."

Postmasters are also requested to amend the following printers' errors and make the following changes in their working copies.

Appropriate notes should be made opposite the relative entry in the Guide where any of the Services have been suspended.

INFORMATION FOR POSTMASTERS

(1) Armed Forces to Benefit from New Cigarette Supply System.—A new system has been developed for the sending of cigarettes from Canada to members of the Armed Forces in Italy (later in the United Kingdom), which will bring into operation the equivalent of air mail service, according to a joint statement from the Postmaster General, The Minister of National Defence and the Minister of National Defence (for Air). Next to letters, cigarettes are highly regarded as a direct contribution to the well-being and happiness of the Armed Forces.

Simply described, the new system, which will go into effect as far as men in the Mediterranean theatre are concerned, on June 19th, involves the sending by Air Mail of addressed labels, representing cigarettes ordered as at present in Canada to a Mediterranean Depot, where they will be drawn against a huge consignment reserve of cigarettes already built up by bulk shipment.

Realizing the value of "smokes" to the men, the three Departments for some time past have been working out details of this vastly improved plan to enable the Army and Air Force overseas to obtain faster and safer delivery of their cigarettes. The preliminary task has already been carried out of the building up of a necessary reserve of cigarettes in the Mediterranean theatre. Under the new arrangement the possibilities of loss to the individual by enemy action at sea are eliminated, and delivery time of orders will be appreciably speeded up.

From the standpoint of the mailing public, there is no change in procedure. Orders will be placed in the same manner as at present, either with the tobacconist, or direct with the Company. When the Company receives the order, a label covering each 300 cigarettes ordered will be prepared, complete with postage and particulars. Then the Post Office takes over. The labels are recorded and sent overseas by air transport. Upon arrival at the Tobacco Depot, the labels are attached by members of the Postal Corps to parcels of the particular brand of cigarettes ordered, and then despatched to the addressee.

The scheme will operate first to supply cigarettes to the Armed Forces now engaged in fighting in the Italian area. Subsequently a similar plan will be established in the United Kingdom, when the necessary stocks have been built up.

An outstanding feature of the system is the fact that there will be no loss to the individual between the Tobacco companies in Canada and the Base Post Office in Italy. Under the new arrangement the labels will be flown to the Tobacco Reserve Depot overseas where the order is filled. Labels will be duplicated if lost. Replacement stocks are forwarded in bulk shipments. The Post Office Department assumes any loss, in bulk shipment of cigarettes, through enemy action or other cause, between Canada and the Overseas Depots.

Efficient operation of the plan makes it necessary to adopt a standard size parcel of 300 cigarettes for the members of the Canadian Army or R.C.A.F. overseas. With the inauguration of the new scheme the standardization of all cigarette shipments from any Company for the Armed Forces in the 300 size parcel will become effective. The package of 300 can be far more conveniently handled—especially for troops on the move—than can the 1,000 size packages. The centralization of all these tobacco parcels addressed to individuals under the one agency—The Canadian Postal Corps—will tend to facilitate delivery.

The plan will not affect the present practice of certain auxiliaries, associations or other agencies sending bulk shipments of cigarettes for impersonal distribution to units or generally throughout the Forces. Consideration is being given, however, to this phase of cigarette supply to ascertain if any improvements can be made in delivery methods.

Orders for delivery under the new plan will be accepted for Sweet Caporals and Winchesters of the Imperial Tobacco Company; British Consols and Exports of W. C. MacDonald Inc.; and Buckinghams and Wings of Tuckett Limited.

Persons wishing to order cigarettes from tobacco companies other than those mentioned above may continue to do so, but in these cases the individual parcels will continue to be handled as at present.

In addition to the main advantages of the plan, it is anticipated that later on, possibly within a month, a system which has been devised whereby members of the Armed Forces Overseas will be able to purchase cigarettes direct from the Overseas Tobacco Depots at the rate of 300 for the equivalent of one dollar, will go into operation. This is considered to be an important step and should prove of special benefit to those in the Armed Forces who have no relatives or friends to send them cigarettes from home.

POSTMASTER WILL PLEASE GIVE THE ABOVE ALL PUBLICITY POSSIBLE.

(2) Waste Paper Saved Now will help Save Lives Later.—Did you know that 100 pounds of waste paper will make:

200 containers for blood plasma, or
1,470 cartons for emergency life-boat rations, or
17 protective bands for 500 pound bombs, or

(3) **Similarity in Post Office Names.**—The attention of Postmasters and Railway Mail Clerks is directed to the similarity in the names of the following Post Offices:

Amesdale, Ont.—Emsdale, Ont.
Lady Lake, Sask.—Duck Lake, Sask.—Lucky Lake, Sask.
Poplar Bluff, Sask.—Beaver Bluff, Sask.—Pigeon Bluff, Man.

Particular care should be exercised in the sortation of mail for the above offices.

(4) **Airgraphs for Cameroons (British Sphere) and Togo (British Sphere) may now be accepted for civilian addresses only.**—Cameroons (British Sphere) should be inserted after British Somaliland, and Togo (British Sphere) after Tenganyika Territory, in section (b) of the list published in the August, 1943, Supplement to the Postal Guide.

(5) **Blue Armed Forces Air Letters must be Despatched by Air or the Quickest Possible Route to the Base Post Office, Canada.**—This includes all blue Armed Forces Air Letters addressed to the Armed Forces Overseas as well as those originating with members of the United Kingdom Armed Forces serving in Canada (i.e., the Army, Royal Air Force, and personnel of the Fleet Air Arm located at Royal Air Force or Royal Canadian Air Force Units in Canada) addressed to their families and friends in the United Kingdom.

(6) **Correction to be made in Book "Useful Information for Postmasters".**—Postmasters of Non-accounting and Accounting Offices on the Revenue Basis will kindly amend the third paragraph of Sub-section (c) of Section 413 of the book "Useful Information for Postmasters in charge of Post Offices on the Revenue Basis" by inserting the word "not" after "is" in the first line, making the paragraph read as follows:—

"The amount is not to be indicated in the money order return as commission, but the letters 'C.O.D.' must be entered opposite the item in the money order return in the space reserved for the commission. This will show that the money order represents a C.O.D. transaction."

(7) **War Casualty Telegraph Messages.**—Frequently Telegraph Companies in Canada experience difficulty in effecting prompt delivery of messages to the next-of-kin of war casualties owing to insufficient or incorrect addresses or the removal of the addressees to other places.

Notwithstanding anything to the contrary in section 257, page 59, Canada Official Postal Guide, 1944-45, Postmasters are hereby authorized and instructed to furnish—upon request—information to the local Telegraph Office (or offices) as to the addressee's present or forwarding address.

It is to be distinctly understood that this applies solely to War Casualty Telegraph messages addressed to the next-of-kin.

(8) **Certificate of Disinfection must accompany Parcels of Second-hand or Used Clothing addressed to Argentina.**—Postmasters are reminded that all parcels addressed to Argentina, containing second-hand or used clothing, must be accompanied by a certificate of disinfection bearing the visa of an Argentine Consul, as stated on page 87 of the 1944-45 Canada Postal Guide.

Postmasters are requested to bring this requirement to the attention of the senders, wherever possible.

(9) **Import Licence—Gold Coast Colony.**—The importation into the Gold Coast Colony of all parcels containing goods except bona fide gifts is subject to the production by the addressee of an import licence, in the absence of which parcels will be confiscated; and no parcels (other than those containing bona fide gifts) should therefore be posted unless it is known that the addressee is in possession of the required licence.

Postmasters should bring this requirement to the attention of prospective mailers wherever possible.

(10) **Rates of Postage on Letters and Postcards from other Countries to Canada.**—Postmasters are advised that the rate of postage on letters and postcards from the country mentioned below is as follows:

	1st weight	2nd weight	Postcards
Nigeria	3 pence	2 pence	2 pence

The above is to be substituted for the corresponding entry in the list of rates of postage from foreign countries, page 82 of the 1944-45 Postal Guide.

Surcharges should be collected according to Post Office markings.

(11) **Parcels from Canada addressed to Enemy Prisoners of War in the United States.**—Arrangements have been completed for the transmission of parcels from Canada to enemy prisoners of war in the United States.

Persons desiring to mail such parcels must apply to the Prisoners of War Next-of-kin Division, Department of National War Services, Ottawa, and prove that—

(a) he or she is a bona fide resident of this country
(b) that he or she is a first degree relative of the Prisoner of War and
(c) that the Prisoner of War concerned is not regularly receiving parcels from some other source.

A label to be affixed to such parcels will then be issued to the senders by the Next-of-kin Division, Department of National War Services, Ottawa, every three months.

The weight limit is 11 lb. and the other provisions of the Canadian regulations governing parcels for prisoners of war will apply. No postage is required.

(12) **Gift Parcels for Canadians in the British Forces and the Corps of (Civilian) Canadian Firefighters.**—With reference to notice in Post Office Weekly Bulletin No. 1101 of April 11, 1942, it is pointed out that GIFT PARCELS FOR CANADIAN CITIZENS SERVING IN THE BRITISH FORCES should bear the endorsation "c/o Privilege Parcels Section, Canadian Overseas Postal Depot, Canadian Army Overseas" in addition to the usual address in order to secure the relaxed Customs privileges accorded to Canadians serving in the Armed Forces of the United Kingdom.

This addition to the ordinary form of address should only be added in case of parcels. It is not necessary on letters.

The above will not only apply to Canadian citizens in the British Forces but will also apply to parcels for members of the Corps of (Civilian) Canadian Firefighters.

(13) **Gift Tobacco Parcels Returned from Overseas.**—Gift parcels containing cigarettes, cigars or tobacco in any form originally addressed to members of the Armed Forces by tobacco companies for delivery outside of Canada or through Fleet Mail Offices MUST NOT UNDER ANY CIRCUMSTANCES BE DELIVERED TO EITHER THE ADDRESSEE OR THE SENDER IN CANADA. Such parcels, which are undeliverable as addressed, when returned to Canada must be diverted to the CANADIAN POSTAL CORPS, SUB BASE POST OFFICE, PLACE D'ARMES POSTAL STATION, MONTREAL, P.Q.

The above order amends notice published in Post Office Weekly Bulletin No. 1188, December 11th, 1943.

(14) Parcel Post Rates to Other Countries.—Postmasters will find hereunder a revised Table of Parcel Post Rates from Canada to other Countries, which supersede the information given in the 1944-45 Postal Guide. Any changes should be noted in their Postal Guide.

INFORMATION FOR POSTMASTERS

(1) Cigarettes Reach Forces in Italy Within Few Days.—Reports have been received confirming speedy delivery of cigarettes in Italy under recently inaugurated plan.

Postmaster General Mulock announces that the first batch of orders despatched by air from Canada the last few days of June reached the tobacco depot in the Central Mediterranean by July 2 and the "smokes" were all cleared on their way to the addressees by July 5.

The first two shipments approximated 720,000 and 1,350,000 cigarettes. A tremendous time saving was effected over the former system.

The first delivery under the system consisting of 17 tobacco parcels was made to No. 15 Canadian General Hospital.

The first man to receive a gift parcel of cigarettes was Corporal Wright C.C. (R.C.A.M.C.) whose order was prepared by a tobacco company in Montreal on June 26 and was delivered to him at 5.30 p.m. July 3.

Since the establishment by bulk shipment of a huge tobacco depot in the Mediterranean area it has been possible to put air mail service into effect. Orders for cigarettes are placed with retailers or with certain tobacco companies, but only for the 300-size packages of cigarettes. The tobacco manufacturers, instead of mailing cigarettes, prepare address labels with postage attached—the Post Office then flies the labels to the tobacco depot overseas and there the Canadian Postal Corps completes the transaction. The new plan necessitated the 300-size package being made standard as it is more easily handled by troops on the move. The individual is protected from loss by enemy action en route to the depot and the labels if lost are duplicated.

It is expected shortly to institute the plan in the United Kingdom.

(2) Order Only Handy 300 Size Packages of Cigarettes for Army, Navy and Air Force Overseas.—Following the recent announcement of the new scheme to speed cigarettes to the Armed Forces Overseas, effective June 19 for Mediterranean Forces, authorities stress the point that under the plan only the handy 300 size packages of cigarettes should be ordered. This standard size has been adopted because it can be more conveniently handled than the 1000 size package by troops on the move. Under the new plan whereby the labels will be flown overseas by Air Mail and orders filled from Overseas Reserve Depot, orders for delivery will be accepted for Sweet Caporals and Winchesters of the Imperial Tobacco Company; British Consols and Exports of W. C. Macdonald Inc; and Buckinghams and Wings of Tuckett Limited.

To prevent misunderstandings, attention is specially directed to the fact, that persons wishing to order cigarettes from tobacco companies other than those mentioned above may continue to do so but the standard 300 size packages should be ordered for Overseas Forces, and in these cases the individual parcels will continue to be handled as at present.

POSTMASTERS WILL PLEASE GIVE THE ABOVE ALL PUBLICITY POSSIBLE.

(3) Improved Air Mail Service for Maritimes.—According to an announcement by Postmaster General Mulock important improvements affecting Air Mail service in the Maritimes were inaugurated July 1, 1944.

On July 1, T.C.A. stopped at Blissville Airport N.B., thus providing direct Air Mail service to Saint John and Fredericton, N.B. Mail planes will operate into Blissville from the West daily except Saturday at 11.15 p.m.; and daily except Sunday heading West at 9.15 a.m. The morning Moncton to Saint John, N.B. Air Mail service will be re-routed from Moncton to Blissville to connect with the 9.15 a.m Trans-Canada Air Mail trip and will thus provide a link-up of the mail service between Moncton and Prince Edward Island, Saint John, N.B. and Fredericton.

Through a further improvement in schedule, speeding up Trans-Canada Air Mail connections at Montreal, it will be possible for Air Mail posted as far west as Victoria or Vancouver up to the early hours of any morning—Monday for example—to connect with letter carrier afternoon delivery in Saint John and Fredericton on a Tuesday—the following day.

(4) Air Mail Service—New Glasgow, N.S.-Charlottetown, P.E.I.—Speedy Air Mail connections linking a busy industrial region of Nova Scotia with the Canadian and the United States air networks were inaugurated by the Canadian Post Office Department on July 1 with the establishment of a service between New Glasgow, N.S. and Charlottetown, P.E.I. This schedule has been designed to provide a connection with the air mail service between Charlottetown and Moncton, N.B., thus linking up at Moncton with both Trans-Canada and United States Air Mail Services.

The new service will be known as CAM2, and will operate under the following schedule:

Dy. ex. Sun.		Dy. ex. Sun.
17.15	Lv.....NEW GLASGOW.....Ar.	13.35
17.50	Ar.....CHARLOTTETOWN.....Lv.	13.00

The rates of postage applicable to mail conveyed over this new air mail service will be as follows:

7 cents first ounce, 5 cents each ounce after
(if addressed for delivery in Canada.)

7 cents first ounce, 6 cents each ounce after
(if addressed for delivery in the United States.)

In the inauguration of this air mail service to this important industrial area of the Maritimes, New Glasgow, Stellarton, Westville, Pictou and Trenton, Postmaster General Mulock and his officials have again taken advantage of another opportunity to place at the disposal of industry, business and the general public a fast time and money saving service which by speeding up communications also helps accelerate the war effort.

(5) Amendment to 1944-45 Postal Guide:—

The following is to be substituted for Section 183 of the 1944-45 Postal Guide:—

Registered letters can only be delivered to the person to whom they are addressed or to their recognized representative. "Recognized representative" means the person at the addressee's residence or place of business who usually receives the addressee's ordinary mail, or any person who has written authority to receive the addressee's registered mail. A receipt must be given on the delivery of each registered article in a book kept by every Postmaster for that purpose. Registered correspondence addressed to a deceased person may be delivered to the legal representative of the deceased, except in the case of letters from the Imperial Pension Office, Ottawa, addressed to a Pensioner of the Imperial Army or Navy or to an Imperial Army Reservist, letters from the Board of Pension Commissioners, Ottawa, addressed to a Pensioner of the Canadian Army, letters from the Provincial Treasurer addressed to an Old Age Pensioner and letters from the Assigned Pay and Separation Allowance branch of the Department of National Defence, Ottawa, which must, in every case, when the person addressed is dead, be returned to the sender.

(6) Industrial Diamonds not to be Insured.—It is reported that some Postmasters are accepting industrial diamonds (used for drilling purposes) for insurance.

In view of the high cost of industrial diamonds, such items, mounted or unmounted, are regarded as coming under the provisions of Section 148(d) of the Postal Guide and must not be accepted for insurance.

(7) Similarity in Post Office Names.—The attention of Postmasters and Railway Mail Clerks is directed to the similarity in the names of the following Post Offices:

Chatham, Ontario	Chatham, N.B.
Mattawa, Ontario	Nottawa, Ont.
Selkirk, Manitoba	Selkirk, Ont.

No. 12 Basic Training Centre and No. 10 Internment Camp are located at Chatham, Ontario.

No. 10 Air Observer School is in Chatham, N.B.

Particular care should be exercised in the sortation of mail for the above offices.

(8) **C.O.D. Articles Prepaid at Air Mail Rate to be Registered.**—C.O.D. articles prepaid at the air mail rate of postage are passing through the mails unregistered.

As the C.O.D. fee covers registration in the case of articles prepaid at other than parcel post rates—see sub-section (c) (2) section 151, current Postal Guide—C.O.D. articles prepaid at the air mail rate of postage should be registered by the Post Office of mailing.

Registration should be picked up on C.O.D. articles prepaid at air mail rate observed passing through the mails unregistered, and full particulars reported to the District Director or District Superintendent.

(9) **Resumption of Mail Service to Vatican City State.**—Postmasters are informed that the mail service for correspondence only from Canada to the Vatican City State has been resumed.

Letters and postcards may now be accepted for the Vatican City State, and the postage rates in effect before the service was suspended apply, i.e.,

Letters —5 cents for the first ounce.
3 cents for each additional ounce.
Postcards —3 cents each.
No air mail service is available.

(10) **Parcels from Canada addressed to Enemy Prisoners of War in the United States.**—Arrangements have been completed for the transmission of parcels from Canada to enemy prisoners of war in the United States.

Persons desiring to mail such parcels must apply to the Prisoners of War Next-of-kin Division, Department of National War Services, Ottawa, and prove that—

(a) he or she is a bona fide resident of this country;

(b) that he or she is a first degree relative of the Prisoner of War and

(c) that the Prisoner of War concerned is not regularly receiving parcels from some other source.

A label to be affixed to such parcels will then be issued to the senders by the Next-of-kin Division, Department of National War Services, Ottawa, every three months.

The weight limit is 11 lbs. and the other provisions of the Canadian Regulations governing parcels for prisoners of war will apply. No postage is required.

(11) **Parcels for Official Auxiliary Services in the United Kingdom.**—According to Post Office Weekly Bulletin No. 1040 dated 8th February, 1941, parcels addressed to members of the official Auxiliary Services in the United Kingdom may be accepted at the special reduced rate of 12c. per pound up to a weight limit of 11 pounds.

For the information of all concerned, the following organizations comprise the official Auxiliary Services:—

Canadian Y.M.C.A. Overseas.
Canadian Legion War Services Incorporated.
Salvation Army Canadian War Services.
Knights of Columbus Canadian Army Huts.

Parcels addressed to personnel of the above mentioned organizations may be accepted at the rate of 12c. per pound only if the address indicates that the recipient has been granted an honorary military rank (or the title "Supervisor") and that the parcel is addressed either c/o Assistant Director of Auxiliary Services, Canadian Military Headquarters, Canadian Army Overseas or to a unit or formation of the Canadian Army.

Examples

Capt. B. C. Brown,
Salvation Army Canadian War Services,
c/o Assistant Director of Auxiliary Services,
Canadian Military Headquarters,
Canadian Army Overseas.

Supervisor A. B. Anderson,
Canadian Y.M.C.A. Overseas,
3rd Canadian Medium Regiment R.C.A.,
Canadian Army Overseas.

Parcels to official Auxiliary Services personnel not in the above mentioned categories must be prepaid at the civilian rates of postage with a weight limit of 5 lb. and should be addressed:—

c/o High Commissioner for Canada (or Canada House),
Trafalgar Square,
London, S.W. 1.

Parcels to official Auxiliary Services personnel will be granted duty-free entry into the United Kingdom provided they are properly addressed as indicated above.

(12) **Parcels for Military Internees in Switzerland.**—Advice has been received that next-of-kin parcels may now be accepted for transmission by Prisoner of War post to military internees in Switzerland, as military internees are stated to have the status of prisoners of war, insofar as postal facilities are concerned.

It should be noted that Prisoners of War, who have escaped to and are now in Switzerland, are not considered in the same category as military internees, and are not entitled to receive next-of-kin parcels.

The only means by which parcels could be sent to escaped Prisoners of War now in Switzerland would be by the Civil Parcel Post, which is suspended at present.

(13) **Shortpaid Parcels for Overseas.**—It has been brought to the attention of the Department that the number of shortpaid parcels for overseas addresses is again on the increase.

Many parcels for civil addresses are only prepaid at the special reduced rate of 12 cents per pound applicable to parcels for members of the Armed Forces Overseas.

Unless postmasters are absolutely sure that a parcel is addressed in such a way as to warrant its prepayment at the military rate of 12 cents per pound, or fraction thereof, the civilian rate of postage should be charged.

Postmasters are again requested to see that more attention is paid to this important matter.

(14) **Prohibitory Orders Cancelled:—**

"Astrolite", Box 1, Station F, Toronto, Ontario.

The International Bible Students Association.

The prohibitory orders against the above have been cancelled.

(15) **Prohibited Publications.**—The following publications have been placed on the list of publications, the transmission of which by post is prohibited in Canada:

La Contre-Revolution Spontanee (The Spontaneous Counter-Revolution).	A book by Charles Maurras, published in Lyon, France.
Machiavel et Montesquieu (Machiavelli and Montesquieu).	A book by Marc Duconseil, published in Paris, France.
Vers l'Espagne De Franco (To Franco's Spain).	A book by Charles Maurras, published in Paris, France.

Registered letters are not to be accepted addressed to the above and all mail addressed to or coming from the above, including copies of the publications in question, is to be sent specially by first mail to the General Superintendent of Postal Service (for Inspection Service), Ottawa.

Money Orders are not to be made payable to the above.

MONEY ORDER INFORMATION

Remittances by means of Post Office Money Orders may now be made by remitters in Canada for support of members of their families residing in Sardinia, Sicily and the mainland Provinces of Italy occupied by the Allied Nations under the following conditions:—

1. Such remittances are not to exceed £25.0.0 ($111.75 Canadian money) in any period of three months. The full amount, namely £25.0.0, may be made in one remittance or by means of several remittances during a three-month period.
2. The remittances are to be made only for the support of close personal relatives such as parents, wife, husband, children, grandparents, grandchildren, brothers or sisters.
3. This arrangement will not apply to remittances to members of the Armed Forces of the United Nations nor to representatives of the United Nations in Sardinia, Sicily or Italy on official business.

A form M.O. No. 1 P.M. must be filled in by the sender showing the full name and address of the payee and his nationality, also the name and address of the sender and his relationship to the payee. The nationality of the payee is to be indicated on the form M.O. No. 1 P.M. after the payee's name and the relationship of the sender to the payee is to be indicated underneath the sender's address.

As such remittances will be paid by the Sicilian Bank via the Bank of England, London, England, such orders must be drawn upon London, England, and the name of the country of payment indicated in the money order return as "England". The commission applicable to orders drawn for payment in Great Britain must be collected from the sender and reported in the money order return.

The order, with coupon attached, an advice (form M.O. No. 27 P.M.) and the remitter's application (form M.O. No. 1 P.M.) must be enclosed in envelope M.O. No. 9 P.M. to the Ottawa Exchange Office.

The remittances will be despatched from Canada to England via air mail and thence by the Bank of England to its destination via air mail without extra charge to the sender.

Payment will be made to the payee by the Sicilian Bank at the rate of 400 lire equals £1–0–0 ($4.47 Canadian money) less the usual charges of the Sicilian Bank.

If payment cannot be made within a short period the amount will be returned to Canada for refund to the sender.

LAPSED MONEY ORDERS AND POSTAL NOTES MUST NOT BE PAID WITHOUT SPECIAL AUTHORITY

The Audit of Money Orders and Postal Notes discloses that Money Orders and Postal Notes are being paid after they have become lapsed (viz.: one year from the last day of the month of issue) without the special authority of the Department being obtained as required by Rule 53, Book of Financial Procedure for Accounting Post Offices.

The date of issue of Money Orders and Postal Notes must be carefully examined before payment and under no circumstances may a lapsed Money Order or Postal Note be paid before receipt of authority therefor and payment of the revalidation fee.

INFORMATION FOR POSTMASTERS

(1) Speed Up Cigarette Supply to Armed Services in United Kingdom and Normandy.—On Monday, August 21st, the Cigarette Supply Plan in effect from Canada to the Armed Forces in Italy will be extended to the Armed Forces in the United Kingdom and Normandy. Postmaster General Wm. P. Mulock states that orders will be air-mailed to a Supply Depot in the United Kingdom and the cigarettes will be drawn from the huge reserve built up over the past few months by bulk shipments. Speedy delivery will be made from the United Kingdom to Normandy.

The system is identical with the procedure now operating successfully to Italy. Cigarette gifts will continue to be ordered by individuals through their local tobacconist or direct from the Tobacco Companies. The Tobacco Company prepare labels on receipt of the orders, complete with postage and particulars—each label covering one parcel of 300 cigarettes only. The Post Office then takes over; the

labels are recorded and flown overseas to the Reserve Tobacco Depots. There the labels are attached to 300 size packages of cigarettes by members of the Canadian Postal Corps, and the parcels are despatched to the proper addresses.

An outstanding feature of the scheme is the protection from loss to the individual of the parcels while en route from the tobacco companies to the Supply Depots Overseas, as the labels if lost will be duplicated. The Post Office Department assumes any loss in bulk shipments of the cigarettes through enemy action, or other cause, between Canada and the Overseas Depots.

Under the plan only the 300 size packages of cigarettes may be ordered. It was found necessary to adopt this standard size package for efficient operation. The 300 size package can be more conveniently handled than the 1,000 size package by troops on the move.

Attention is specially directed to the fact that on and after Monday, August 21st, 1944, it will no longer be possible to send packages of 1,000 cigarettes to individual members of the Armed Services in the United Kingdom. The limitation of the 300 size package of cigarettes does not affect the present practice of certain Auxiliaries, Associations or other Agencies sending bulk shipments of cigarettes for impersonal distribution to Units or generally throughout the Forces.

Orders for delivery under the new plan will be accepted at present for Sweet Caporals and Winchesters of the Imperial Tobacco Company; British Consols and Exports of W. C. MacDonald Inc.; and Buckinghams and Wings of Tuckett Limited. The plan may be enlarged subsequently to include additional brands of other manufacturers; Rock City Tobacco Company "Black Cat", "Corvette"; Royal Canadian Tobacco Company—"Tartan", "Rum and Maple"; Benson & Hedges (Canada) Ltd. "Henley".

Persons wishing to order cigarettes from tobacco companies other than those mentioned above may continue to do so but in these cases the individual parcels will continue to be handled as at present.

After the new scheme has been working for awhile it will be enlarged to permit members of the Armed Forces Overseas to purchase cigarettes direct from the Overseas Tobacco Depots at the rate of 300 for the equivalent of $1.00. This feature is of special advantage to those in the Armed Forces who do not receive gifts of cigarettes from friends in Canada.

(2) **BLOOD DONORS WANTED—SAVE A LIFE—VOLUNTEER TO-DAY NEAREST RED CROSS BLOOD DONORS UNIT**

(3) **Save Waste Paper to wrap Shells.**—During the course of a year about 500 pounds of waste paper are thrown away or burned in almost every Canadian home. Those 500 pounds of waste paper when reprocessed would make:

12,000 boxes for small arms ammunition, or
750 corrugated cases for Spitfire cannon shells, or
250 containers for two-pound tank shells.

Canada needs more paper to make more boxes to ship more shells. Don't waste paper, salvage it!

(4) **Yukon Parcel Post—Winter Service.**—During the season of closed navigation on the Yukon River, which extends approximately from 1st October to 31st May, parcel post to and from post offices in the Yukon will be suspended, except as under:—

CARCROSS, WHITE HORSE AND CHAMPAGNE—Rates and services the same as during summer.

WATSON LAKE—By Motor Vehicle Service at the rate of thirty cents for the first pound and twenty-five cents for each additional pound.

CARMACKS, FORT SELKIRK, MAYO LANDING AND DAWSON.—By Air Stage service at the rate of 30 cents for the first pound or fraction thereof and 25 cents for each additional pound. This rate is applicable from Carcross, White Horse and Champagne in the Yukon and from Canadian points outside the Yukon to the five offices named, including Watson Lake, and vice versa; and also between any two of these five offices.

Parcels prepaid at ordinary (Summer) parcel post rates for offices in the Yukon other than the eight offices named above may be addressed to White Horse, and the addressees may make their own arrangements with the transportation companies operating in the Yukon for conveyance from White Horse to destination.

Care must be taken to ensure that during the season of closed navigation parcel post matter for the Yukon is accepted only at the rates and within the limits outlined above.

Postmasters will please give this every publicity.

(5) **Parcels Prepaid at Parcel Post Rates not Forwarded to Telegraph Creek, B.C., during the Season of Closed Navigation.**—Postmasters are informed that during the season of closed navigation, which extends approximately from the 1st October to the 1st April, the weight of mail carried on this route is limited.

In the circumstances, persons tendering parcels for mailing prepaid at parcel post rates for this office should be advised that the parcels will be held at Vancouver during the season of closed navigation.

(6) **Leamington-Pelee Island Air Stage Service.**—This air stage service (route 43 in air mail schedules) is now operating on a year round basis.

During the season of navigation (summer), only first class matter and daily newspapers will be carried over this route. The rates of postage are as follows:—

First Class Matter—Ordinary letter rates.
Second Class Matter—1c. per 4 ounces, or fraction of 4 ounces, when mailed by the public.
4c. per lb. when mailed by publishers.

(7) **Collection of Deficient Postage—Postage Due Stamps.**—Before an unpaid or insufficiently prepaid article is delivered, the amount due thereon must be collected from the person to whom delivery is made, and postage due stamps to the same amount must then be attached to the article and cancelled.

Unpaid or insufficiently prepaid letters or other articles must not be placed in lock or call boxes rented to the public, but a card should be placed in the box notifying the addressee that such an article has been received and will be delivered at the wicket on payment of the amount due. This card (No. 33) may be obtained on requisition.

An adequate supply of postage due stamps can be had upon requisition in the usual way and must always be kept on hand. See Section 233, page 56 of the Canada Official Postal Guide.

(8) **Similarity in Post Office Names.**—The attention of Postmasters and Railway Mail Clreks is directed to the similarity in the names of the following Post Offices:

Fulford, P.Q.	Fulford Harbour, B.C.
Galt, Ont.	N.P.O. 109, Galt, Ont.
Jarvis, Ont.	Bombing and Gunnery School, Jarvis Military Post Office, No. 207, Ont.

(9) **Model Dater Year Bands and Year Type.**—The Equipment and Supply Branch requests that those concerned CAREFULLY EXAMINE their model daters to find out if year "1945" appears on bands, and if not the dater should immediately be forwarded to Equipment and Supply Branch, Ottawa so that new bands may be placed thereon.

(10) **Special Delivery Facing Slip** (Form S.D. 4).—Referring to notices in the June 1943 and January 1944 Monthly Supplements, the Service is advised that Form S.D. 4 has now been amended and will be issued as soon as the old stock is depleted.

As it is not now necessary to date stamp or initial Form S.D. 4 these facing slips are to be used over and over again.

(11) **Air Mail to Bermuda, 15c. Each Quarter Ounce.**—Postmasters are reminded that the rate of postage on air mail letters originating in Canada addressed to Bermuda is 15c. per quarter ounce or fraction thereof.

Complaints are being received from addressees who are being called upon to pay postage surcharges due to insufficient prepayment in Canada of such air mail.

(12) **Airgraphs for Australia and New Zealand.**—Airgraph messages may now be accepted from civilians for civilians in Australia and New Zealand.

Australia should be inserted after Anglo-Egyptian Sudan and New Zealand after Mauritius in Section (b) of the list published in Post Office Weekly Bulletin No. 1166 dated July 10th, 1943.

(13) **Airgraphs for Turkey may now be accepted for Civilian Addresses only.**—Turkey should be inserted after Transjordan in Section (b) of the list published in the August 1943, Supplement.

(14) **Rates of Postage on Letters and Postcards from other Countries to Canada.**—Postmasters are advised that the rates of postage on letters and postcards from the countries mentioned below are as follows:—

	1st weight	2nd weight	Postcards
French Equatorial Africa...	4 francs	2 fr. 40 centimes	2 fr. 40 centimes
Arabian Soudian Kingdom.	3 grouch	2 grouch	2 grouch
Palestine.....	20 mils	13 mils	13 mils
Paraguay.....	5 piastres	5 piastres	5 piastres

The above is to be substituted for the corresponding entries in the list of rates of postage from foreign countries, page 82 of the 1944-45 Postal Guide.

Surcharges shall be collected according to Post Office markings.

(15) **Gifts for H.M. Forces in Malta.**—Gifts sent to H.M. Forces stationed in Malta are admitted free of duty.

Advice has now been received that exemption from duty in the case of tobacco is limited to 8 ounces at one time when addressed to individual members of the Forces. Cigarettes must not exceed 240 at one time.

No duty is charged on parcels of any quantity when addressed to units as a whole.

(16) **Armed Forces Air Letters returned to senders as Insufficiently Addressed may be remailed if Address Corrected.**—Armed Forces air letters returned by the Base Post Office as insufficiently or improperly addressed may be remailed if the address can be corrected by the sender, that is, if the required correction is made in the address, the sender should be allowed to remail the same air letter forms without having to rewrite the letter or pay fresh postage.

Armed Forces air letters remailed with corrected addresses are to be forwarded by air to the Base Post Office in the same way as when originally mailed.

(17) Resumption of Civilian Mail Service to certain Provinces of Italy.—Attention is directed to recent notices appearing in Weekly Bulletins in regard to the resumption of the mail service for civilian correspondence between Canada and certain parts of Allied-occupied Italy, including Sicily and Sardinia.

The mail service for such correspondence has now been extended to include the following provinces in Italy:—

Rome	Littoria	Frosinone	Aquila
Campobasso	Foggia	Pescara	Teramo
Chieti			

Letters and postcards may, therefore, now be accepted for Sicily, Sardinia and the following provinces in Italy:—

Aquila	Avellino	Bari	Benevento	Brindisi
Campobasso	Catanzaro	Chieti	Cozenza	Foggia
Frosinone	Lecce	Littoria	Matera	Naples
Pescara	Potenza	Reggio di Calabria	Rome (including City of Rome)	Teramo
Salerno	Taranto			

For the present, correspondence is confined to letters and postcards up to a maximum weight limit of two ounces. Only personal communications will be permitted. No communications of a business, financial or commercial character can be accepted until additional shipping can be provided.

No registration, air mail or parcel post service is available. Separate instructions will be issued in regard to money order remittances.

The postage rates in effect before the service was suspended apply, i.e.,

Letters..... 5 cents for the first ounce.
3 cents for each additional ounce.
Postcards..... 3 cents each.

(18) Free Re-direction of Parcels Addressed to Forces Overseas.—Postmasters are reminded that any parcel originating in or outside of Canada, addressed to a Member of His Majesty's Army, Navy or Air Force, may be redirected to any place in Canada without charge.

It will be observed, in this connection, that any parcels posted in Canada to members of British, Canadian, Dominion, or other Colonial Forces (Army, Navy or Air) in the United Kingdom or abroad, which are returned to Canada as undeliverable for any cause, are to be returned to the senders without charge. This will include parcels addressed to members of other Forces serving with the British Forces.

Any charges raised by other Administrations for redirection or return should not be collected.

(19) Addressing of Prisoner of War Mail for Japan and Japanese Occupied Territories.—Postmasters are requested to substitute the following for Section 29 of the Supplementary Leaflet (January 1944) of the revised regulations governing communications with prisoners of war in enemy, enemy occupied or neutral countries.

Method of address when the name of the camp is NOT KNOWN

29 (a) INTERNEES IN SHANGHAI CIVILIAN ASSEMBLY CENTRES

* See also note Section 28 (i).

In the case of Hong Kong, the Camp addresses have not been officially notified and the direction "Hong Kong, c/o Huryojohokyoku, Japan," should be added, therefore, to the other particulars of address, thus:

Full name and rank,
Service number and Unit,
Canadian Prisoner of War (or British, etc.),
Hong Kong,

METHOD OF ADDRESS FOR CIVILIANS THOUGHT TO BE INTERNED BUT WHOSE INTERNMENT HAS NOT BEEN ANNOUNCED BY THE JAPANESE GOVERNMENT

NOTE.—KEIHOKYOKU NAIMUSHO—English translation: "Police Affairs Bureau, Ministry of Home Affairs".

HURYOJOHOKYOKU —English translation: "Prisoner of War Information Bureau".

Japanese word TO BE USED in such cases.

(20) **Addressing of Mail—Canadian Forces in Newfoundland and Labrador.**—Recent orders published by the Canadian Army advise that it is no longer necessary to use the designation "Canadian Army Overseas" in the address of mail matter intended for Canadian Army personnel in Newfoundland and the designation "Canadian Army" in the case of mail for Canadian Army personnel in Labrador.

It is now permissible to show the geographical locations of C.A.P.O's 1, 2, 3, 4, 5 and 10, which are as follows:—

C.A.P.O. No. 1—St. John's, Newfoundland.
C.A.P.O. No. 2—Gander, Newfoundland.
C.A.P.O. No. 3—Botwood, Newfoundland.
C.A.P.O. No. 4—Gander, Newfoundland.
C.A.P.O. No. 5—Torbay, Newfoundland.
C.A.P.O. No. 10—Goose Bay, Labrador.

Mail will be addressed in the following manner:

(a) NEWFOUNDLAND

Regimental No., Rank, Name,
Details of Unit,
C.A.P.O. No. 1,
St. John's, Newfoundland.

and similarly for C.A.P.O's 2, 3, 4 and 5,

(b) LABRADOR

Regimental No., Rank, Name,
Details of Unit,
C.A.P.O. No. 10,
Goose Bay, Labrador.

There will be no change in the present routing and despatch of mail matter intended for the Armed Forces stationed in the above mentioned areas.

Postage rates are as follows:

Letters—By surface route	3c. for first oz. 2c. for each additional oz.
By Air Mail	6c. for first oz. 5c. for each additional oz.
Postcards	2c. each.
Newspapers	Domestic rates.
Printed Matter	1c. per 2 oz.
Parcels	12c. per lb., or fraction thereof up to a limit of 11 lb. (No Insurance).

(21) **Omission of Unit Numbers and Names delays Mail to Armed Forces.**—Approximately 100 letters daily are being received at the Base Post Office for the Armed Forces at the Front, WHICH LACK THE NUMBER AND NAME OF THE UNIT, but bear such unofficial directions as "Somewhere in France", "Canadian Forces in France" or "B.W.E.F." etc. Omission of the number and name of the Unit is a certain cause of delay, since all Armed Forces' letters are sorted according to Unit at the Base Post Office for despatch. No instructions have been issued that mail for the Armed Forces Overseas should be addressed to a theatre of war rather than to an actual unit as heretofore, and it is necessary that such incompletely addressed letters be returned to senders from the Base Post Office. Mail to the Armed Forces Overseas should, as in the past, be addressed as follows:—

Regimental Number,
Rank, Surname, Initials,
Full Details of Unit—i.e. Squadron, Company, Battery, etc.,
Regiment or Branch of Service,
Canadian Army Overseas.

Postmasters are asked whenever possible to bring to the attention of the public the definite need that the number and name of unit should be given in every military address. When the recognized sequence of addressing as given above is followed, the addition of other information is quite unnecessary.

POSTMASTERS WILL PLEASE GIVE THE ABOVE ALL PUBLICITY POSSIBLE

INFORMATION FOR POSTMASTERS

(1) Airgraph Fee Reduced to 5 Cents for Civilian Use.—A further reduced rate for an Overseas Mail facility has been announced by the Postmaster General. Hon. Mr. Mulock states that commencing September 15 Airgraphs—"the letters on film that travel by Air"—may be sent for just 5 cents to civilians in countries to which the Airgraph service is in operation, as well as to members of the Armed Forces.

Early this summer the Postmaster General announced a previous reduction when the 5-cent fee became effective for the benefit of the Armed Forces and their correspondents, and the fee on Airgraphs from civilians to civilian addresses became 10 cents in place of 15 cents. As will be seen, the latest reduction halves the existing Airgraph fee for messages between civilian addresses, and gives them the advantages of this fast and safe facility exactly at the low rate allowed the Armed Forces.

Airgraph service was introduced by Hon. Mr. Mulock in the fall of 1941 to provide a speedy and safe means of aerial communication to the Armed Forces in Britain. The service has been greatly extended—its use was soon allowed civilians at a higher fee—and the service placed on a two-way basis between Canada and the United Kingdom. Airgraphs may be sent to the Armed Forces in France, and Italy, and to the Armed Services and civilians in Great Britain and a long list of countries in Africa, and the Middle East, and in India, New Zealand and Australia. The list is being added to constantly.

Airgraphs—combined letters and envelopes—are obtainable free on request at all Post Offices. When properly completed and correctly prepaid, they are flown to Toronto and photographed on reels of microfilm—1,600 messages being contained on a $3\frac{3}{4}$ ounce reel of film—over 6,800 messages to the pound—a great saving of space. Time is saved too, because the reels of film are flown overseas where enlarged prints are made of every negative, then delivered.

Protection is provided users of the facility because if the reel is lost en route the missing film is reported and a duplicate is made and despatched. The original messages are destroyed when word has been received that the messages are in the mails Overseas.

The 5 cent fee, with the distinctive time-saving and safety advantages, should further increase Airgraph's popularity with the public.

POSTMASTERS WILL PLEASE GIVE THE ABOVE ALL PUBLICITY POSSIBLE.

(2) Yukon Parcel Post—Winter Service.—During the season of closed navigation on the Yukon River, which extends approximately from 1st October to 31st May, parcel post to and from post offices in the Yukon will be suspended, except as under:—

Carcross, White Horse and Champagne—Rates and services the same as during summer.

Watson Lake—By Motor Vehicle Service at the rate of thirty cents for the first pound and twenty-five cents for each additional pound.

Carmacks, Fort Selkirk, Mayo Landing and Dawson.—By Air Stage service at the rate of 30 cents for the first pound or fraction thereof and 25 cents for each additional pound. This rate is applicable from Carcross, White Horse and Champagne in the Yukon and from Canadian points outside the Yukon to the five offices named, including Watson Lake, and vice versa; and also between any two of these five offices.

Parcels prepaid at ordinary (Summer) parcel post rates for offices in the Yukon other than the eight offices named above may be addressed to White Horse, and the addressees may make their own arrangements with the transportation companies operating in the Yukon for conveyance from White Horse to destination.

Care must be taken to ensure that during the season of closed navigation parcel post matter for the Yukon is accepted only at the rates and within the limits outlined above.

Postmasters will please give this every publicity.

(3) Reason for non-delivery must be indicated on Letters and other articles sent to the District Dead Letter office or returned to senders.—Attention has been invited to the fact that many Postmasters are sending undeliverable letters and other articles to the District Dead Letter office without marking on the covers the reason for non-delivery (such as "Not called for", "Refused," etc.) or stamping the articles with the Post Office date stamp.

In this connection it is pointed out that the reason for non-delivery of every letter or other article of mail matter must be stamped or written on the address side thereof before it is sent to the District Dead Letter office or returned to the sender and that each such letter or other article should at the same time, be stamped with the date stamp of the Post Office from which it is forwarded. (See Section 221, page 54 of the Postal Guide.)

(4) Undeliverable Registered Letters Mailed by Divisional Registrars.—Registered letters mailed by Divisional Registrars, Mobilization Section, National Selective Service, which prove undeliverable are to be returned to the Divisional Registrar at the point of mailing only after seven clear days from the date of posting.

(5) Similarity in Post Office Names.—The attention of Postmasters and Railway Mail Clerks is directed to the similarity in the names of the following Post Offices:

Cadron, Alta.	Carbon, Alta.
Sheddon, Ont.	Sheldon, Ont. (non-post office).

Particular care should be exercised in the sortation of mail for the above offices.

(6) Correction in 1944-45 issue of the Canada Official Postal Guide.—The Office Number of Limerick, Sask. on Page 236, should read "6967" instead of "6997".

(7) Special Air Letter Service to Civilian Addresses.—The air letter service which has hitherto been available only for communications with members of the Armed Forces Overseas has been made available on and from September 11th for communications addressed to civilians in the United Kingdom and in the following countries—Aden, Ascension, Australia, Banks Islands, British Somaliland, Cameroons (British Mandate), Ceylon, Cook Islands, Cyprus, Egypt, Fanning Island, Fiji Islands, Gambia, Gold Coast, India (British and French), Iran, Iraq, Kenya and Uganda, Malta. Mauritius, New Guinea (Mandated Territory), New Hebrides, New Zealand. Nigeria, Norfolk Island, Northern Rhodesia, Nyasaland, Palestine, Papua, Persian Gulf Ports (Bahrein, Dubai, Kuwait, Muscat, Sharja), Samoa (Territory under British Administration) Seychelles, Sierra Leone, Solomon Islands, South Africa, Southern Rhodesia, Sudan (Anglo-Egyptian), Tanganyika Territory, Tibet, Togo (British Mandate) Tonga, Transjordan, and Zanzibar.

The rate of postage on such air letters will be 10 cents each.

Air letters will be carried between Canada and the United Kingdom by ordinary trans-Atlantic air mail service.

Until the present stock of Armed Forces blue air letters is exhausted they may be used for civilian correspondence.

Patrons making use of the Air Letter are urged to observe the caution printed on the form not to include enclosures of any kind. Air Letters which contain enclosures must necessarily be forwarded as ordinary surface mail.

(8) Civilian Mail Service to Certain Areas of Liberated France.—Civilian Postal Service has been extended to the following Departments in France:—

Calvados, Manche, Cotes-du-Nord, Eure, Eure et Loir, Ille-et-Vilaine, Mayenne, Orne, Sarthe, Seine (including the City of Paris) Seine-inferieure, Seine-et-Marne and Seine-et-Oise.

Until further notice, the service will be restricted to non-illustrated postcards containing messages of a purely personal and family nature.

Persons enquiring should be informed that there is no purpose in mailing letters and postcards to places in France to which the postal service is not available, as the Post Office Department has no option but to hold such mail until the service is resumed to such places.

Announcement will be made as soon as arrangements can be made to reopen letter service to other parts of France.

(9) Shortpaid Parcels for Overseas.—Notwithstanding previous notices the number of shortpaid Parcels for overseas addresses continue to increase.

Many parcels for civil addresses are only prepaid at the special reduced rate of 12 cents per pound applicable to parcels for members of the Armed Forces Overseas.

Unless postmasters are absolutely sure that a parcel is addressed in such a way as to warrant its prepayment at the military rate of 12 cents per pound, or fraction thereof, the civilian rate of postage should be charged.

Postmasters are again requested to see that more attention is paid to this important matter.

(10) Parcels for members of the St. John Ambulance Brigade and the Canadian Red Cross Society.—Parcels addressed to personnel of the St. John Ambulance Brigade and Canadian Red Cross Society in the United Kingdom will be entitled, in future, to the special postage rate of 12 cents per pound, up to a limit of 11 pounds, and will be delivered duty free, provided such parcels are addressed to a CANADIAN MILITARY ADDRESS in the United Kingdom.

If the addresses are not attached to an actual military unit, their parcels should be addressed to the Canadian Overseas Postal Depot. which is accepted by the British authorities as a military address.

Any such parcels, which are addressed to a civil address, will be subject to the civilian rate.

(3) **Cocoa Powders in Overseas Parcels.**—While it might be considered that the public have run the whole gamut of improper packing in mailing gifts to the Armed Forces, Canadian Postal Corps officials at the Base Post Office have found another trouble-maker—cocoa or chocolate powder in waxed paper envelopes when wedged in a parcel between tins of sharp edged objects. In a number of cases the envelopes have broken, spreading the cocoa powder to the detriment of the other contents. Persons mailing powders should see that they are packed in such a manner that they will not break and spread.

This may be due in some part to lack of proper packing and Postmasters are requested, therefore, to see that in future such items when presented for mailing at their office are suitably wrapped and properly labelled so as to indicate the fragile nature of the contents.

Postmasters and Railway Mail Clerks are requested to exercise particular care in the handling of such items.

(9) **Extension of Limited Mail Service to France.**—The limited civilian postal service to Liberated Territory in France has now been extended to the whole of France, except to the Departments of:

Meuse	Moselle
Meurthe-et-Moselle	Bas-Rhin
Vosges	Haut-Rhin, and the
Haute-Saone	Territory of Belfort.
Doubs	

It is again emphasized that this service is RESTRICTED TO NON-ILLUSTRATED POST-CARDS containing messages of a purely personal or family nature.
The rate of postage is three cents (3c.) per item.

(10) **Free Mailing Privileges for Ordinary Letters to Points outside India granted Members of His Majesty's Forces in India.**—In Section 3 of the Post Office Weekly Bulletin, No. 1207, of the 22nd April, 1944, it was stated that green envelopes posted **free** by the members of His Majesty's Forces would not bear the Unit Censor Stamp.

The Postal Administration of India now advises that the green envelopes will also bear the Unit Censor Stamp and, instead of the number, rank and name of the sender, may only bear the signature of the sender in the prescribed place and the words "On Active Service".

(11) **Christmas Cards for Canadian Prisoners of War and Civilian Internees in Europe prohibited.**—The sending of Christmas cards to Canadian and other British military prisoners and civilian internees in Europe is prohibited again this year.

The congestion at enemy censorship caused in the past by the large number of Christmas cards resulted in delay in delivery of ordinary letters. The prisoners prefer to receive their ordinary letters promptly rather than having them delayed through the sending of Christmas cards.

This restriction does not apply to Canadians interned in neutral countries.

(12) **Duty Free Concession for Gifts sent by Members of the United Kingdom Armed Forces to United Kingdom.**—Reference is made to the notice on this subject published in the 22nd May, 1943, issue of the Weekly Bulletin. The maximum value of each of the four parcels permitted entry per year has been increased from 30 shillings ($7.20) to 40 shillings ($9.60), covered by one of the special Customs Declaration Forms W5192.

Moreover, two, three, or four labels may now be used on the same parcel up to a maximum value of £8 ($38.40).

In addition to the present white form which will be used singly on parcels valued at not more than £2, or in combination on those valued up to £8, a new issue of coloured labels is to be made—green for £4 parcels, red for £6 parcels, yellow for £8 parcels.

Customs Export Entry Forms B.13 will not be required in the case of parcels valued at 40 shillings, but those valued in excess of this amount must be accompanied by these forms in the usual way.
Accordingly, such parcels are to be accepted for transmission to the United Kingdom.

(13) **Parcels for Members of the St. John Ambulance Brigade and the Canadian Red Cross Society.**—Parcels addressed to personnel of the St. John Ambulance Brigade and the Canadian Red Cross Society in the United Kingdom will be entitled, in future, to the special postage rate of 12 cents per pound up to a limit of 11 pounds, and will be delivered duty free, provided such parcels are addressed to a **Canadian Military Address** in the United Kingdom.

If the addressees are not attached to an actual military unit, their parcels should be addressed to the Canadian Overseas Postal Depot, which is accepted by the British authorities as a military address.

Any such parcels, which are addressed to a civil address, will be subject to the civilian rate.

INFORMATION FOR POSTMASTERS

(1) **Christmas Early Mailing.**—A most critical Christmas mailing period will soon confront the Post Office. Special appeals for Early Christmas Mailing will again be made and in this respect the Department is grateful for the co-operation received from Business Firms, the Press and Radio.

Display posters have been prepared for all Post Offices as well as for stores in the more congested centres. Householder leaflets will be distributed through the larger Post Offices. A special motion picture, incorporated in a news reel will be shown at all theatres commencing the first of December.

However, the Postal Service must rely largely on its own efforts to make the Christmas "EARLY MAILING" campaign a complete success. Departmental publicity must be supplemented by the individual efforts of Postmasters and Postal Personnel generally to focus public attention on the fact that mailings this year must be spread out over a longer period than heretofore if delivery is to be made in time for Christmas Day.

With Christmas falling on a Monday this year it is essential that posting of local mail must be completed by December 19th—outside places proportionately earlier.

The full co-operation of Postal Personnel is requested in emphasizing the need for Early Mailing on a nation-wide basis, due to present day pressure on manpower—transportation facilities, increased business—plus the annual extra volume of Christmas mail.

Responsibility for "delivery on time" of Christmas greetings and gifts in a large measure rests with individual citizens—the Post Office cannot commence its work until the greetings and gifts have been mailed. It is in their own interests that they mail sufficiently in advance of Christmas Day to enable the Postal Service to handle the tremendous volume and complete deliveries before December 25th.

(2) **These Patriotic Ladies Merit Commendation.**—Outstanding as a wartime activity is the patriotic work that has been carried on for some years past by the ladies comprising the War Service Club of the Toronto Post Office, whose officers this year are:

Miss M. H. Brown, President.

Miss M. Davis, Vice-President.

Miss E. M. Robbins, Secretary.

Miss M. G. MacDonald, Treasurer.

The Club, which the girls had registered under the War Charities Act, was founded in 1941 for the purpose of making and sending clothing and comforts to the bomb victims in Britain and parcels to the Toronto Postal Employees on active service overseas. In the three years of its existence the organization has succeeded in raising a total well in excess of $4,000 for its work. The funds are raised through voluntary monthly collections from the various postal staffs, by dues from the 40 members, who belong to the Toronto District Office staff and postal stations, and largely from bridge parties, raffles, teas, etc., and affairs of similar social nature.

In addition to various contributions of clothing and supplies to needy British families during the year, this Christmas, thanks to the energetic efforts of the Club, 145 men serving Overseas will receive boxes of candy and 10 sailors ditty bags prepared by the ladies for the Navy League of Canada.

Other activities of the Club have included a Christmas party for children whose fathers are overseas with the Canadian Postal Corps, contributions to the British Minesweepers Auxiliary, the Navy League of Canada and the Soldiers Comforts Fund of the Toronto Post Office. In 1943 practically the total gross receipts of the year—$1,711—were spent on various wartime undertakings.

It is understood that the War Service Club of the Toronto Post Office have received a volume of appreciative letters and the Post Office Weekly Bulletin joins in paying warm tribute to the girls for their patriotic enterprise.

(3) **Addressing of Mail to Army and Air Force Casualties in Hospital.**—When information is received to the effect that a member of the Canadian Armed Forces Overseas has become a casualty and is in hospital, mail should continue to be addressed to his unit with the addition of the words "IN HOSPITAL" in bold letters independent of the address itself and preferably just above his name.

Letters bearing this form of address are forwarded directly to the Records Office in the United Kingdom or Italy, depending on the location of the addressee's unit, and from there are forwarded to the hospital in which the addressee is a patient. This eliminates the necessity of having to redirect the mail from the unit, through various medical installations, to its final destination and consequently speeds up delivery. Letters bearing the indication "IN HOSPITAL" are also given priority treatment throughout their entire handling in the Postal Service.

Mail for casualties should not be addressed to a particular hospital unless it is positively known that the patient will still be in the hospital when the item arrives. Patients are frequently transferred from one hospital to another and as a result, mail addressed to hospitals very often requires redirection with resulting delay in delivery. By addressing to the unit with the endorsation "IN HOSPITAL", the mail is forwarded directly from the Records Office to the addressee's latest recorded location, thus expediting delivery.

(4) **Charlottetown-Magdalen Islands Winter Air Stage Service.**—Postmasters are reminded that with the closing of navigation (about December 20th) the ordinary SURFACE mail service to the Magdalen Islands will be discontinued.

In the circumstances parcel post mailed too late to connect with the last sailing to the Magdalen Islands will be liable to the following air parcel rates of postage.

15 cents per pound or fraction of a pound up to and including 10 lb.
$1.80 per parcel over 10 lb. up to and including 15 lb.
2.40 " 15 lb. " 20 lb.
3.00 " 20 lb. " 25 lb.

Similarly, all copies of newspapers and periodicals will be subject to the air newspaper rate of 4 cents per pound when mailed by publishers to subscribers and 1c. per 4 ounces or fraction of 4 ounces to each separate address when mailed by the public.

The above instructions must be strictly observed.

(5) **Montreal-Boston Air Mail Service Resumed**—The Montreal-Boston Air Mail Service (Route 27 in Air Mail Schedules) has been resumed. The frequency is two round trips daily.

Postmasters are advised that the rates of postage applicable to mail conveyed over the above route are as follows:

7c. first ounce, 5c. each ounce after (if addressed for delivery in Canada).

7c. first ounce, 6c. each ounce after (if addressed for delivery in United States).

(6) **Prince Albert-Dore Lake, Air Stage Service resumed.**—The Air Stage Service Prince Albert-Dore Lake, Sask. has been resumed. (See route C.A.M. 55 in air mail schedules).

The frequency of this air stage service is once a week each way.

The rates of postage applicable to mail conveyed over this air stage service are as follows:

First class matter —4c. first oz., 2c. each oz. after.
Second class matter —When mailed by the public 1c. per 4 oz. or fraction of 4 oz. to each separate address. When mailed from office of publication or from newdealers to subscribers, 4c. per lb.
Third class matter —1c. per two ounces.
Parcel Post —15c. per lb. or fraction of a lb. up to and including 10 lb., $1.80 per parcel over 10 lb. up to and including 15 lb., $2.40 per parcel over 15 lb., up to and including 20 lb., $3.00 per parcel over 20 lb. up to and including 25 lb.

(7) **Perishable Articles to be kept from Heat.**—Parcels containing perishable articles should be distinctly labelled "Perishable" and the bags in which they are placed similarly marked. Under no circumstances should these "Perishable" parcels or bags be placed in close proximity to the heating apparatus.

(8) **Changing of Date-Stamp.**—The attention of Postmasters is directed to the necessity of changing their office date-stamp at the beginning of the new calendar year to read "1945".

(9) **Calendars—To be Carefully Handled.**—At this time of year business firms are preparing to mail quantities of calendars to clients and prospective customers throughout the country. The calendars are, in many cases, printed at considerable expense and are valuable not only to the recipient but to the business firm as an advertising medium.

It is important, therefore, that the calendars should be delivered carefully and Postmasters are requested to exercise care in the handling of these items during the course of post.

In the event of delivery not being effected and the calendar bears a return address on the cover, the calendar should be returned to the sender.

(10) **Cancelling of Postage Stamps on Parcels.**—Postmasters are reminded that postage stamps on parcels should be properly cancelled. It is noted that in some instances the stamps are not cancelled or in cases where the roller hand-cancelling stamp is used the stamps are missed or very lightly touched.

The above is noted particularly in connection with parcels the contents of which are of a pliant nature such as packages containing wool, silks and other matter of a light nature.

Stamps poorly cancelled may easily be removed and illegally used a second time, resulting in a serious loss of revenue. Postmasters are therefore requested to see that the postage stamps on parcels are properly cancelled before the parcels are despatched.

(11) **Similarity in Post Office Names.**—The attention of Postmasters and Railway Mail Clerks is directed to the similarity in the names of the following Post Offices.

Killarney, Man. Killarney, Ont.

Particular care should be exercised in the sortation of mail for these offices.

(12) **Special Correspondence Cards for Registration of Families dispersed due to war conditions—Free Postage.**—A correspondence Card, about 6″ x 4″ in size, as shown in the facsimile below, is being distributed by the Canadian Red Cross Society to their Agencies in Canada
